Homely Babies Popular.

"Homely babies, especially those with freckles and red hair, are adopted, as a rule, more quickly than pretty babies," said the nurse in charge of a ward in one of Detroit's homes for orphans. "It seems that pretty babies, relying upon their good looks, fail to attract the attention of prospective foster-parents, while infants who were neglected when good looks were passed out, win their way into the hearts of childless couples through their happy smiles and sparkling eyes."

Working of True Love.

Put a seal upon your lips, and forget what you have done. After you have been kind, after love has stolen forth into the world and done its beautiful work, go back into the shade again and say nothing about it. Love hides even from itself.—Professor Drummond.

FARM BUREAU DECENNIAL CELEBRATION AT DE KALB

Farm Bureau Presidents of Twelve States to Attend Meeting on June 30th.

The Farm Bureau Decennial Celebration, in memory of the tenth anniversary of the farm bureau movement, will be held at DeKalb on June 30 instead of June 28, as originally announced. The change in the date was made so that the twelve state bureau

presidents of the American Farm Bureau Federation executive committee could attend in a body.

The Illinois Agricultural association, the county farm bureaus of the state, the extension department of the University of Illinois and the American Farm Bureau Federation are behind the celebration.

A vast pageant illustrating the growth of the farm bureau movement is to be the feature of the event.

To All Automobile Owners

LO-CO-MO Oil is a high grade, natural rich automobile oil, refined from Pennsylvania oil, manufactured and compounded in such a way as to permit it to retain a larger percentage of lubricating fat than through ordinary process. Through the process in which this oil is manufactured, it retains its natural mineral fat which greatly improves the lubricating qualities and accomplishes its most important object which is the correct lubrication of your motor. Give LO-CO-MO Oil a trial and you will be convinced.

**RADIOPHONE
Demonstration**

All Next Week, April 3 to 9

Hear Orchestra and Band Music, Bed-Time Stories, Addresses, Vocalists, and much more, all through the air by the new, wonderful RADIOPHONE.

The following letter explains plan.

"Dad" Bertolin,
c/o Bertolin & Son,
Village.

My dear Mr. Bertolin:

You are hereby advised that we have arranged with Mr. O'Neill to make up for us not only one of the \$75.00 smaller Radiophones, as advertised in last week's issue of The Reporter, but one of the larger type with Magnavox — so that, while we shall of course be equipped to let a number of folks "listen in" thus, by head phones, we also will be prepared to give the Concert "out loud," that all in your store may hear it. Accordingly, please announce that this RADIO EXHIBIT will take place during the entire week of April 3 to 9 inclusive, which last means that as a "finale" we shall favor the "audience" with preaching at 3:30 Sunday.

Now, in addition to the regular program of KYW, Chicago, which begins at 7:30 p. m.—with market re-

ports in afternoon (see the Daily papers) we shall "tune in" on KDKA Pittsburgh, Newark, N. J., Cincinnati and Detroit; and on three evenings, starting at 6:45 and again at 10:30 p. m., we shall be able to furnish a wonderfully fine Orchestra Concert, with an address, from WGY of Schenectady, N. Y., the most powerful broadcasting station perhaps in the United States. Some of these programs would be cheap at \$1.00 a seat, but via Radio THEY DON'T COST A PENNY, and no doubt hundreds of our people will be glad to avail themselves of this opportunity to "say they heard it." The only question is — HOW WILL THEY ALL BE ABLE TO GET IN YOUR STORE? Or will we have to arrange for an "overflow meeting?"

Several young men will be in attendance of afternoons or evenings, to explain any points of interest.

Very sincerely yours,
HOMER S. DUM,
General Manager.
