"PLUMP" THREE VOTES FOR MRS. O'NEILL, SLOGAN

Women of Co. Republican Club Urge DuPage Voters to Support County Candidate

" 'Plump' three votes for Mrs O'Neill, the DuPage County Candidate for the State Legislature," is the slogan being used in DuPage county.

Under the cumulative voting system each voter has three votes for representative. These may be split in three ways: all three to one candidate; one and a half to two candidates or one each to three candidates. Will county, of course, out-votes DuPage more than three to one, and in order for DuPage county to have direct representation at Springfield, every Du Page county vote must count.

There are eleven names to choose from, nine of whom are residents of Will county. With the great probability that so many candidates from Will county will split that vote in many directions, DuPage county has the best chance in years to nominate a candidate and put that nominee in the lower house of the state. Hence the slogan, "Plump three votes for the DuPage county candidate, Mrs. Lottie Holman O'Neill."

British Army "Swagger."

It has been said that the English army authorities once issued an order that officers should not wear eyeglasses or spectacles, these being conaldered evidence of defe tive sight. A number of army officers then took to wearing the monorly, disobeying the army order by a safe margin and giving to themselves, as it was thought at the time, an air of distinction, the thought being something like that which prompted so many officers and enlisted men to carry a short cane which came to be called a "swagger stick."
