DOINGS OF WEST SUBURBAN COUN- CIL, BOY SCOUTS

L. Haebich to Have Charge of Camp Activities This Summer— Staff Complete.

The Scout Executive C. H. Barnes, recently received a postal from Mr. C. T. Lamb, Vice President of the 1922 Council and President in 1919 and 1920. It was mailed at Alexandria, Egypt and was a picture of the Boy Scouts of the Near East Relief Orphans who were assembled to meet the tourists of the George Washington as they were at Constantinople. This is the story:

Dear Mr. Barnes:

Upon arriving at this port over 400 passengers were received by Boy Scouts as pictured herewith. All are orphans from Armenia, Anatolia, Greece, Turkey, Russia, etc. Miss Hastings of Spencer, Iowa, has 10,000 orphans under her charge, all under 15 years. One lady of our party left her purse or bag with \$150.00 in her carriage. A Scout found it, looked her up in the crowd, made her identify it, and refused \$20.00 or present for his honesty showing that scouts here although unable to speak U. S. hold to the same ideals as our American Scouts. Wonderful relief work doing here in this dumping ground of races.

C. T. LAMB.

The rattle-snake Patrol of Troop 2 of Argo, Mr. W. G. Pokorny, Scoutmaster, was the winner and the Wolf Patrol of Troop 2, Hinsdale, J. W. Knox, Scoutmaster, was second. No. 1 Troop of Western Springs was the winner of the troop contest and Troop 1 of Argo was second. Rev. Vernon W. Cook is Scoutmaster of the Western Springs Troop and Rev. Walter W. H. Schwedler of the Argo Troop.

This week all the Scoutmasters, Assistant Scoutmasters and Deputy Scoutmasters are voting to select a committee of three who, with the assistance of the Scout Commissioner, H. C. Holzbach, will draw the rules and regulations for contest, the annual Spring Contest, to be held June third. This committee will report at the second quarterly meeting of the Council to be held at the Riverside Methodist Church Thursday evening May 4th at 6:30 p. m.

Those who will assist in the camp this year are now engaged and it is to be noted that there will be a very excellent group of men to manage the activities of the camp. The activities will be in charge of I. C. Haebich of Downers Grove. Mr. Haebich has been in the camp in the same capacity and all are to be pleased that he is to repeat. He will be assisted by Mr. Fleming, a graduate of a College of Physical Education and for two years Physical Director of Seattle's boys camp. He is also a licensed American Red Cross Examiner. Mr. Fleming will have charge of the physical instruction of the camp and the water front activities.

The Camp Physician will be Mr. Lagerquist, a senior at the Northwestern Medical College. Mr. Lagerquist has had many years experience in camps and has acted in the capacity of Camp Physician for two summers in other camps. Mr. Bristol will be back and in charge of the Nature Study classes and all the many Scouts who were in the camp last year know that that is "Nuff Said." In speaking of the camp recently Mr. Barnes, the Scout Executive said, "One of the best features of the camp this year is the maturity and experience of the entire staff. Every man is mature and will have had experience and have proven good in their line of endeavor. Scout Nelson Warner of Berwyn will be the Camp Wireless Operator for the entire camp. Each day the report of the officer of the day will be broadcasted to the district. The camp will be in communication by wireless telephone all the time that the operator is at his apparatus."

Mr. Lewis Morgan, of Wheaton, and Mrs. Collins Goodrich, attended a meeting of the Illinois Farmers Institute at the Sherman House last Friday in the interests of the DuPage Farmers Institute for the coming year.

The new board will take charge of the affairs of the village next Monday night and will function smoothly so we are informed, as they are in accord with their ideas concerning the future policy of the village.

One of the plans of the board is to extend the water mains all over the village before the summer is over. They are now contemplating the purchase of the water system installed by the McIntosh company.

GEORGE WIMMER OPENS FAIRVIEW AVE. STORE SOON

Years of Service with Q. M. Department Qualifies Him for New Business Venture.

Work has started on a brick store building and flat at the southwest corner of Fairview and Burlington avenues, opposite the East Grove depot. The building is being erected by A. T. Dent for George T. Wimmer who will open June 1 with a complete line of groceries and meats.

Mr. Wimmer, who has made Downers Grove his home for twenty-five years, is eminently qualified for the new business venture. He was employed for nine years by the Quartermaster department of the army and at his retirement had charge of the purchasing and inspection of food supplies. He bears letters of recommendation from officers under whom he worked praising him highly for the duties he performed. One of them writes, "I know of no one in the Chicago department who knows more about foods, their quality, price and so on, than you."

Mr. Wimmer will have personal charge of the business and is making plans to make the store one which will give a real service to customers. He is well known in the vicinity and should make good.

The roll off of Mrs. Nelson's and Miss Tope's fives in the Women's Bowling league, set for tonight, has been postponed because of a conflict of dates with the men's teams. The date for the match will be announced later. These two teams are tied for second place and the rivalry to see who wins is very keen.

BETTERMENT OF COMMUNITY AIM CITIZENS' ASSN.

Organization Meeting at Kindergarten Next Tuesday—Everyone Invited to Come.

The Citizen's Association of Downers Grove is in the process of organization.

It proposes to work along non-partisan and progressive lines in discussing, promoting and initiating measures for civic improvements; to boost the community by adding a greater degree of civic pride and progress to its natural advantages.

It is planned to have committees such as Public Health, Police, Fire, Education, Publicity, etc., to study, investigate and make recommendations; to have regular meetings at which committees will report and there will be an open forum for discussion. All progressive citizens in accord with these aims are urged to lend their weight to the cause by attending a meeting to be held at the Junior Elementary School Tuesday evening, April 25, at 8 o'clock sharp. At this meeting constitution and by-laws are to be submitted, general purposes of the organization discussed and enrollment begun.

Officers of the association are: Roy C. Toombs—President; Dan Diener—Vice-President; John W. Reed, Secretary; J. F. Kidwell—Treasurer.

Letters have been sent to a large list of residents of the community and everyone is invited to attend the meeting and participate in the discussion. If this association can be organized it should function to the best interests of every person in the community.

FIRST ANNUAL D. G. "REVUE" MONDAY —GOOD VAUDEVILLE

Young People's Club of S. Andrew's Church Staging Entertainment at Dicke's

What promises to be a gale of laughter from start to finish is the first annual Downers Grove "Revue." It is to be given next Monday night, April 24 at the Dicke Theatre by the Young People's club of S. Andrew's church.

Being purely and simply vaudeville, those who attend are certain of a variety of entertainment. There will be singing, dancing, little skits, local hits galore and all of the best.

We are reliably informed that "At the Movies," one of the skits, is a scream, and that this one thing is worth the price of admission alone. There will be no hesitation once the curtain rises, the "bill" being so arranged that it will go off in regular "down town" style, with a continuity of action that will not lag.

MRS. E. G. LEMON TALKED TO TROOP TWO, BOY SCOUTS

"Preservation of Birds and Flowers in Our Forest Preserve" Was Topic.

During the 30 minute instruction period of Boy Scout Troop 2's meeting Wednesday evening, Mrs. E. G. Lemon gave a talk on "The Preservation of Birds and Flowers in Our Forest Preserve." Mrs. Lemon is widely known among the boys as a bird lover and her talk was eagerly listened to and greatly enjoyed.

Following Mrs. Lemon's suggestions the Scouts pledged themselves to aid in caring for the wild life in the Preserve, to build a number of bird houses each year, to build an open fire-place in the woods so that winter roasts and dinners can be cooked out in the open without danger of spreading fire and to post flower preservation signs that have been given for our Forest Preserve.

The Scouts have been asked to patrol the Preserve on holidays to guard against thoughtless picking and wasting of the wild flowers. The public is fully entitled to pick these flowers but it has been said that it is an indication of true culture to see a wild flower and to refrain from picking it. So the Scouts request that only small bouquets that can be used and enjoyed be picked; but that the gathering of great bunches of flowers only to throw them aside a few minutes later be stopped so that some of the blossoms might go to seed and grow into flowers the coming year.

The Scouts realize that Mrs. Lemon was one of the active workers for Downers Forest Preserve and to show their appreciation for her work and for the evening's talk the Scouts gave their visitor three ringing cheers and long salute.

An inter-town sports contest for the West Suburban District is to be arranged for May. During the period for games this evening the running high jump was practiced as a starter for Downers part in this contest.

GOLDEN WEDDING CELEBRATED BY ADOLPH OFFERLE'S

Children Gather at Fred Steib Home for Reunion—Church Mem- bers Take Hand.

Mr. and Mrs. Adolph Offerle, Sr., of Warren avenue, celebrated fifty years of married life last Thursday, April 13. The event was the occasion for a family reunion held at the Fred Steib home in Prince avenue, to which all the children journeyed and they were all present for the first time in years.

A wedding dinner was served at the Steib home and the children present were Frank and Emil Offerle, of Storm Lake, Iowa; Alfred, of Mapleton, Minn.; Mrs. H. Lehmann, of Janesville, Minn.; and Mrs. Fred Steib and Adolph, Jr., of Downers Grove, beside eighteen grandchildren. Immediately after the supper cars were dispatched to the Steib home and the entire party taken to St. Paul's Evangelical Church, Grove St., where the Ladies Aid Society had prepared a surprise for them which was complete. They were welcomed by the choir with appropriate anthems and more than 200 people were at the church to greet them.

Later in the church parlors light refreshments were served at tables beautifully decorated in the Golden Jubilee colors for the occasion. The pastor, Rev. Wm. Grotefeld, was asked to congratulate the couple and present them with a cut glass bowl and stand and a gold piece, tokens of love and esteem from the congregation. This he did in a few well chosen words.

Adolph Offerle and Matilda Rosenwinkel were married April 13, 1872, at Naperville by the late Reinhold Wobus. They have made their home in and around Downers Grove for the last thirty-six years. For the past sixteen years Mr. Offerle has been employed by the C. B. & Q.

H. S. DRAMATIC SOCIETY MAKES HIT WITH PLAY

"Green Stockings" Delighted Two Audiences—Cast well Selected and Well Drilled.

Two large and appreciative audiences were delighted on Monday and Tuesday nights with the production of "Green Stockings" by the Dramatic Society of the high school.

Rarely does a high school cast show the remarkable ability and talent demonstrated by the cast of "Green Stockings." To select any individual member of the cast as the outstanding feature of the play is impossible. Each character was successfully played to its fullest possibilities. As in every play the leading characters will perhaps be the longest remembered. Margaret Kolm, a freshman in the high school, carried off in a truly splendid manner a most difficult part. As Celia, the eldest daughter of Wm. Faraday, she was called upon to play a long and intensely dramatic role. This she did with the greatest credit to herself. Florida Waples, as the eccentric old Aunt Ida, kept the audience in an uproar of laughter with her hysterics and 'slightly intoxicated' scenes. Old Admiral Grice, Richard Drees looked and acted the part. His "stage" laugh and general acting will not soon be forgotten. Howard Wilhelm in the leading male part, that of Colonel Smith, brought out in a very clever manner thru his acting the details of the plot which added so much to the dramatic interest of the play. He had a very soldierly appearance and bearing, and did his part well.

The success of such a production as "Green Stockings" quite largely depends upon the acting of the minor characters. Too much praise cannot be given to James Mitchell, Nelecia Miskelly, Ellsworth Bogart, Marjorie Whiffen, Helen Lewis, Elmer O'Neill, Wilfred Page, and Anton Broberg in their parts. Each one could be counted upon to contribute their share of the story of the play in a worthy manner.

Altogether one might best describe the work of the cast as "finished." It demonstrated clearly that high school people have the talent to put over with assurance and poise a high class production in a manner worthy of the professional stage.

PICK SITE FOR MASONIC TEMPLE AT ASSN. MEETING

Members Decide on Foster Lot at Washington and Curtiss Sts. for Improvement.

The Foster property at the corner of South Washington and East Curtiss streets was picked as a site for the Downers Grove Masonic Temple last Thursday evening. The choice was made at a meeting of the local Temple Association and immediate steps will be taken to secure the property.

Original plans of the association called for the erection of a building within five years. At the present rate of progress the temple will be an assured fact within the time specified.

The Philathea class of the Congregational church has volunteered to take charge of the fancy work booth of the big bazaar for the benefit of the fire truck fund which is to be held the middle of May.

The committee in charge, consisting of Mrs. G. H. Bunge, Mrs. M. W. Mills, Mrs. W. E. Chessman and Mrs. E. F. Lacey, will be glad to receive donations along the line of needle-work in order to save solicitation.
