DAYLIGHT SAVING

The Village Council has passed an ordinance regulating the time to be used in the village in accordance with that of "Chicago" time or the daylight saving schedule. Cities and villages in the Chicago district can hardly help lining up with Chicago on this proposition as we are so closely identified with the business of this large city as to be almost the same thing.

Daylight saving is a good thing. Unquestionably it gives the average man a better chance for recreation and fresh air and a chance to work in his garden while the sun is still shining. The only people not benefitting are the gas and electric companies due to the greater number of daylight hours, and this we believe won't hurt them a bit.

There is only one drawback and that is the fact that the law is not universal throughout the union. This makes for unpleasantness for some people but as the greater number are benefitted we believe that it should be carried through.

NAZARETH COUNCIL K. OF C'S. ALONG "Q" IN A BIG CONTEST

Towns Working for Biggest Representation at Berwyn May Party, May 3.

Through local committees working in every community from Berwyn to Lisle a contest has been started to see which town will have the best proportionate representation at the first annual May Party of Nazareth Council, Knights of Columbus, at Berwyn Club House, Berwyn, Wednesday evening, May 3.

The committees are working on a system, based on membership in each community, and the winning town will be determined on a percentage basis.

One of the features of the party will be an exhibition by a Shifter Orchestra, whose members will be arrayed according to the blue book of fashion of the latest popular organi-

zation. Refreshments, favors and the rest of a May Party fixings, of course will be on the program.

Downers Grove people interested in the affair include William Bender, Sr., Peter J. Reiff and Matthew O. Foley.

POLITICAL PARTIES ORIGIN SUBJECT OF INTERESTING TALK

Mrs. George Ramsey Speaker at the Women Voters' League at Kindergarten Tuesday.

Mrs. George Ramsey gave another of her very instructive and interesting talks to the women of the League of Voters at the Kindergarten on Tuesday afternoon. She chose as her subject the origin of Political Parties—pointing out especially why the parties are of vital importance to the voter of today because it is through them only that the vote can be effective.

She went into the history of the two great parties of the present—Republican and Democrat—beginning with the time when our Constitution was framed and these same parties were not even foreseen.

At that time the interests of our citizens were the same, offices were few, government was simple. Then a day came when there were those who thought the Federal Government had too great a power and that the State Governments should have more—Federalists and Anti-Federalists. Later a second strenuous dissension arose between these two groups over tax (or tariff) on goods going to and coming from other countries. The east which had developed manufacturing interests largely very naturally wanted protection for their goods, while the south and west with their vast acreage of rich farm country producing raw materials wished free trade that they might sell these same raw materials abroad.

And later still another cleavage came over the problem of Slavery. At this time those favoring the freedom of the negro were called the "Black" Republicans.

And so it is seen that the party differences of opinion and policy grew out of geographical conditions. It was at this point that Mrs. Ramsey called attention to the fact that party policies and politics are of value only in the elections that directly affect the nation as a whole in its entirety—presidential, etc. While in our local elections for offices not affected by the policies that govern the great parties, bringing in party politics is really more harmful than helpful.

Mrs. Ramsey also called attention to the amusing as well as interesting fact that while it had been predicted before the women voted that they would vote as their husbands did later developments have proved that in the majority of cases they are go-

ing into the Party of their Fathers. At another time Mrs. Ramsey will continue with the subject: "Parties—their present day policies."

\$6,500 HAS BEEN PAID ON MOTOR FIRE EQUIPMENT

Firemen Expect to Clean up Balance by End of Summer—Work Has Been Hard.

Many people have the impression that the firemen ought to have collected enough money to pay for the truck by this time but—here is a little fact for you to think about, compare this to something your church or club has tried to pay for.

April 12th was just two years since the truck drive was announced, the actual drive beginning about a month later.

Up to date we have paid \$6,500.00 on the truck, divide this by twenty-four and you get a little over \$270 per month; quite a sum to raise, isn't it?

Now consider the cost of a Ford for the Ford affair; the cost of the coal for the coal affair; the cost of supplies for the picnics; all had to be paid in order to realize the profits for the truck, this all means we had to get much more than \$270 per month average.

Now jot down how much you have spent all told for the truck and divide it by twenty-four—haven't you had improved fire protection at a very reasonable rate? We expect to raise the \$2,500 still due this summer then your protection will be perpetual, with the exception of our annual Firemen's Picnic and Dance, the protection will not cost you anything.

Please don't consider this a complaint from the boys as we are tickled over the results of our efforts and are confident if every dollar invested in public benefits were as well invested as the Fire Truck money we would have some town. It's not a bad town by a long way, it has a wonderfully good start.

Mrs. Henry Rahmanop

Funeral services were held yesterday afternoon for Mrs. Henry Rahmanop from the home at 136 South Austin avenue, Oak Park, the Rev. Mr. Moore, formerly pastor of the Oak Park M. E. Church, officiating, assisted by the Rev. Wm. Grotefeld, pastor of St. Paul's Evangelical church, of Downers Grove. Burial was made at Woodlawn cemetery.

Mrs. Rahmanop died suddenly at the West Suburban hospital Monday afternoon, April 24. She was a daughter of Anthony and Caroline Rohmer and was born south of Hinsdale, April 10, 1859. She has, for many years, made her home in Oak Park, though she was well known in this vicinity where she was a frequent visitor.

She leaves to mourn her loss three daughters, Mrs. Wm. Lehmann, Jr., of Oak Park and Mrs. Louis Schuetz and Mrs. Wm. Mochel, of Downers Grove, and five brothers, Henry and Frank Rohmer, of Joliet, George Rohmer, of Naperville and Philip and William Rohmer, of the Grove.

DIENER — FAIRBANKS

Miss Mary M. Diener, daughter of Mrs. M. Diener, was quietly married last Saturday afternoon, April 22, 1928, at the Diener home, 161 South Main street, to Mr. Edward Fairbanks, of Naperville.

While the strains of Lohengrin's wedding march were played the bridal party descended the stairway accompanied by Miss Ella Diener, sister of the bride and State's Attorney Chauncey W. Reed. They were met by the Rev. Wm. Atchinson, of Naperville, beneath a bower of palms and ferns and the beautiful single ring ceremony made them man and wife.

Only the immediate families of Mr. and Mrs. Fairbanks were present beside a few intimate friends. After refreshments were served the happy pair left for a honeymoon in Wisconsin. They will reside in Naperville.

KNIT UNDERWEAR

—In Styles for Spring and Summer—

The sort of garments many women prefer for this changeable spring weather as well as light comfortable underwear for summer, are included in these assortments. Each style and grade is of good quality and will give excellent service.

\$1.25 RAG RUGS ON SALE @ 95c

H. E. McAllister & Co.

PETERS—PFAU

A quiet wedding was celebrated Wednesday afternoon when Miss Emma Louise Peters, daughter of Mr. and Mrs. P. H. Peters, of East Curtiss street became the bride of Mr. Jack Pfau. The wedding was celebrated at the parsonage of St. Paul's Evangelical Church, Grove street, the Rev. Wm. Grotefeld, pastor of the church, officiating.

The bride wore a dark blue suit, with a corsage bouquet of white sweet peas and lilies of the valley and was

attended by her sister, Miss Lillian Peters, who wore a dark blue suit with a corsage of pink sweet peas. Mr. Emil Pfau acted as best man.

Immediately after the ceremony a wedding dinner was served in the Peters home, the table decorations being pink and white.

A crowd of young folks showered them with rice and confetti at the home and later at the depot when they took the 6:42 train to Chicago as the start of their honeymoon.

Mr. and Mrs. Pfau will be at home after May 1 at 33 East Curtiss St.

We Know Batteries Like a Book!

Repairing batteries may look easy—but it isn't.

To be successful, a repair man has to know just how to handle the plates that hold the active material that keeps life in the battery. He has to know how to take care of the insulators that keep the plates apart. He has to know when it is cheaper for you to buy a new battery than to have the old one repaired.

Bring your battery in to Headquarters—no matter whether it's a Willard or not. We'll tell you what it needs, if anything, how much the cost will be—and whether repairs will pay or not.

Willard Storage Batteries

THE REPAIRING OF FORD CARS

Should not be entrusted to the ordinary garage. The proper place to take a Ford for repairs is to a Ford Service Station.

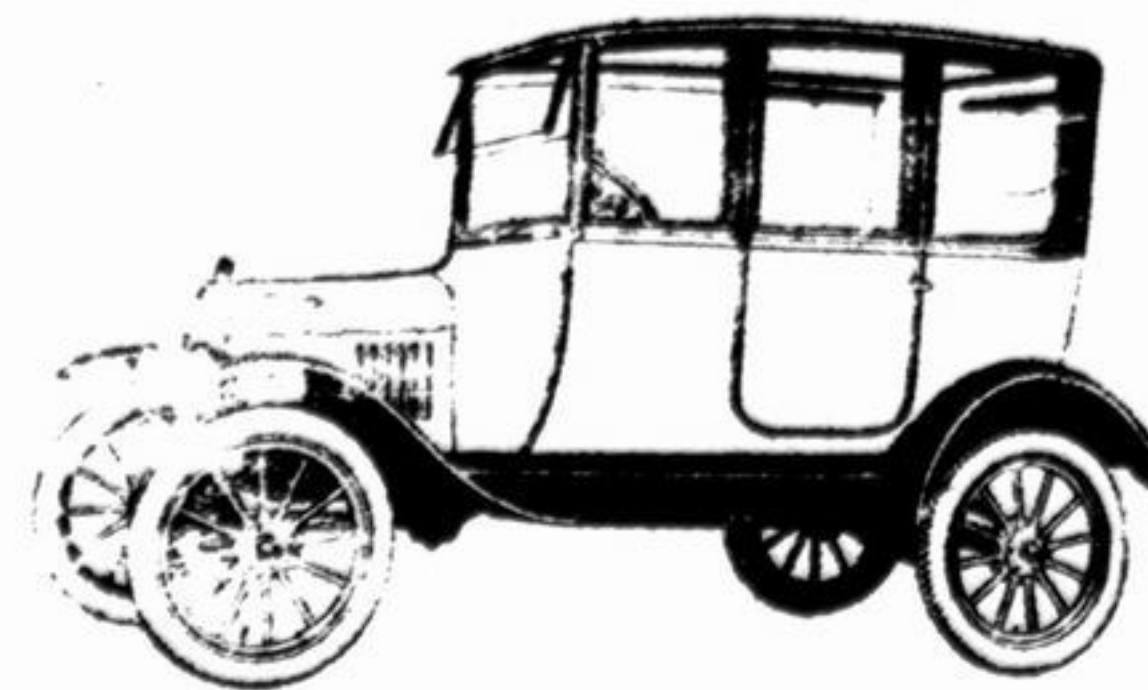

"REAL" FORD PARTS

When you go to a Ford Service Station you are sure that Real Ford Parts will be used for replacements and not parts made by some other concern to fit the Ford car.

SERVICE — PRICE

Two other factors are Service and Price! Both are regulated in a Ford Service Station to a nicety. You get REAL service and the price is fixed to be fair to you. Come in and let us demonstrate.
