Many Races Claim Boone.
From any investigation of the legends and facts of the past it now appears that the identity of an individual even so well known as Daniel Boone is not to be ascertained easily. There was apparently an English Boone, a pure Irish one, a German one, and two or three more representing other nationalities. It is just a question of time and a little more investigation and we may hear of a Scandinavian Daniel Boone, a Greek, an Arabian, and what not.

HEALTH PROMOTION WEEK MAY 7-13

By proclamation Governor Small has set aside the week of May 7-13 as Health Promotion Week.

The Department of Public Health of the state has addressed the following letter to the superintendents and principals of the schools of the state. We believe our readers will be interested in its contents.

"You are urged to use your influence, as an educational leader in the community, in behalf of vigorously carrying out the program in its essential features."

"While Health Promotion Week is designed to focus the attention of the whole public on matters pertaining to good health, still the most far-reaching and permanent results are without doubt obtained by inculcating the habits of healthful living in children. You are therefore requested to do two things that will greatly contribute toward the success of Health Promotion Week in your community. First, carry out a definite health program in your schools. Suggestions for such programs follow. Secondly, actively participate in the community program by cooperating with other agencies engaged in special features."

"The State Department of Public Health stands at your command to furnish every possible assistance toward the success of the program."
Isaac D. Rawlings, M. D. Director.

OUTLINE FOR HEALTH PROMOTION WEEK PROGRAM

Sunday, May 7.
Health sermons and talks by ministers, Sunday school teachers, Y. M. C. A. and Y. W. C. A. workers.
Monday, May 8 — Launching of a birth registration campaign. All field work to be carried out during the day. Every possible means should be employed for obtaining the name and address of every child born in each community of the state since January 1, 1922.

Tuesday, May 9 — Completion of birth registration campaign. Lists of names collected on Monday should be checked against the birth records of the local registrar and certificates secured for all births found to be not registered.

Wednesday, May 10 — Better Baby Conference and Milk Pasteurization campaign. "A better baby conference for every county and a pasteurized milk supply for every community in the state" is the slogan.

Thursday, May 11 — Vaccination day. Every effort should be made to see that all unvaccinated persons in every community of the state are vaccinated against smallpox on this day.

Friday, May 12 — 1. Health day in the schools. One study period in every school of the state should be devoted to essential health lessons. Health playlets and other special programs for the entire school are advisable.
2. Annual physical examination of adults. All persons are urged to see their family physicians for a thorough medical examination on this day.

Saturday, May 13 — Clean-Up and Paint-Up day. Join the national "clean-up and paint-up" movement. Give a veteran a job and beautify your home and community.

IMPROVEMENTS

Downers Grove, through its Board of Local Improvements, is putting thru a program of improvement designed to make the entire village a real one. Streets, sewers and water extensions, storm water drains, all are to be put in this summer in the outlying sections and in those parts of town which were annexed last year.

Most of the property owners are heartily in accord with the plans thus far made. A few are not.

There is only one way in which a community can forge ahead, and that way is to spend money for the improvement of the community. This is one fact which seems to escape those who are not in favor of the improvements. They look only at the dollars which they will have to pay. They do not, or will not, see the additional value their property will have with these necessary things in or the convenience to them and their neighbors or that the growth of the village depends on being progressive and up to date.

We are glad to see that the opposition to the special assessments is not nearly enough to stop them and that they will go through.

The Oldest Language.
The Chinese language is unquestionably the most ancient spoken, and with the exception of Hebrew, is the most ancient written language. It is also one of the most difficult to learn. As an illustration, the letter "T" in the Chinese language is said to have 145 different ways of being pronounced—and, moreover, each has a different meaning.
