 It seems as if the common or garden variety of dandelion, be it weed, silver flower or pest, is doomed to extinction. At least one would think so from the number of people coming from dandelion to "dandy-wins" sounds almost the same and means much more. We have even heard of them being made up into bouquets and presented to amateur actors.
 Raymond Schultz will entertain twenty couple from Northwestern U. at his home in West Maple avenue, Saturday, the occasion being the annual picnic of the college organization of which he is the head. The day will be spent in merry jollification in the woods where the supposedly sophisticated college youths may romp and play to their hearts content. In the evening they will attend the Alpha Sigma dance at Library hall.

Be Sure You Know About Your Battery

No matter what kind of a car you drive or what kind of a battery there is on it you have to keep posted on certain battery facts.

You have to know whether your battery is charged to the proper point—whether it has enough water in it—whether each of the cells works properly.

Our most important job as a Battery Station is to tell you these things. It doesn't make a bit of difference what make your battery is. Here at Battery Headquarters we give every make exactly the same attention:

Inexpensive Long-Distance Calls

The Bell system offers a time and money saving plan for making long distance telephone calls.

Get the telephone numbers of your customers in Milwaukee, St. Paul, Minneapolis, Omaha, Des Moines and other cities so that when you have something important to say you can save time and money by calling them on the "station to station" basis.

Get acquainted with the money and time saving "station to station" service.

Calls made between 8:30 p. m. and midnight on the "station to station" basis cost but little more than one-half the day charges, and made after midnight about seventy-five per cent less than day calls.
