

PERSONALS

The Chicago Baptist glee club will hike to Downers Grove Saturday afternoon and attend the Vom Bruch services at the Baptist church here. They will be served supper at the church and will sleep in the barn at the M. V. Morton home on the Plank road. Here they will breakfast and come down for the Sunday services.

The Rev. Frederic S. Fleming, who speaks at S. Andrews church next Wednesday evening, is rector of one of the largest parishes in Chicago. The Church of the Atonement, Edgewater. To seat the rapidly increasing congregation, the building was enlarged last year at a cost of \$85,000. Last Easter over 750 members received communion.

Franklin Huling, a former Downers Grove boy, who has been taking a post-graduate course in a theological seminary near Indianapolis, Ind., visited with relatives and friends in the village Saturday afternoon. He and Mrs. Huling were on their way to Pendleton, the county seat of Umatilla county, Oregon, where Mr. Huling will have charge of a church.

Louis Klein leaves Chicago Sunday night on the first leg of the long journey to Strasburg, France, where he will visit his father, aged 84, and numerous other relatives and friends. He sails next Wednesday on the ss. Foenia which goes direct to Hamburg. This will be Mr. Klein's first visit "home" in thirty-three years and he will be gone two or three months.

WOMANS CLUB TO CHECK UP ON BIRTH REGISTRATION HERE

(Continued from Page 1)
List will be compared with the files at the Village Clerk's office thus determining the present state of our files and making them as nearly complete as possible. Also it is hoped that through this canvass and publicity the public will be brought to realize the importance of birth registration and that in the future parents will see that the names of children born to them are properly and promptly filed, either by themselves or the physician attending.

Those in charge of the canvass for the various wards, are: first, Mrs. W. C. Barber; second, Mrs. Nelson Perron; third, Mrs. J. P. MacDonald; fourth, Mrs. Lee Beidelman.

The importance of birth registration cannot be estimated. Just a few of the reasons are:

That the birth, date of birth, parentage and other essential information for governmental and identifica-

tion purposes may be made a matter of official record.

That the ages of school children may be definitely known, making the proper enforcement of school laws possible.

That the laws affecting child labor may be effective and the children of the poor thereby protected.

That labor may become safer by the elimination of children under legal age from all hazardous occupations.

That prosecutions dealing with "age of consent" may be settled by record and not by conjecture.

That the American-born children of foreign-born parents may have indisputable evidence of American birth which will protect them from enforced military service when visiting the mother country of the parents.

That infection and mortality among women may be prevented and that young babies may be saved by immediate attention by existing agencies for the relief of the poor.

That the Children's Bureau of the United States Government may become effective and may carry out the duties imposed upon it by Congress.
