C. J. WINTER . . . . . Business Manager

Entered at the Downers Grove Post Office as second class mail matter. Advertising rates made known upon application. Subscription rates \$2.00 per year. Single copies 5c.

#### TACKS—AND AUTO TIRES

An upholstery tack, if rightly placed, is a little thing which can do a big damage to automobile tires. Some alleged joker has been placing them in spots where they would do the most good (?) with a consequent raising in the atmosphere around the luckless driver who picked them up. This is a state of affairs which should not be tolerated. Several motorists, who believe themselves to be amateur sleuths, have unearthed clues and woe be to the person they get the goods on. For instance, one day last week, two lines of these tacks were found in front of the fire truck door, extending in such fashion that they would have entered the tires as soon as the truck rolled thru the doors.

Tacks are all right in their place, but an automobile tire is not that place. These tubes of rubber, which have been directly responsible for making motoring the pleasure it is today, meet with enough accidents in their ordinary life without someone setting out to do more damage.

#### A PLUNGE TONIGHT?

Last summer, during the hot weather when Homeo beach was so popular with Downers Grove people, many were heard to remark that they would give a hundred dollars to have a swimming pool near home. Those folks are soon to be tested out on their remark. And they won't be asked to give this money either, just to loan it.

There is a great possibility that we are to have a swimming pool. The details are gone into a little on another page. If you are one of those interested keep it in mind, as further details will soon be published.

A pool is worth working for, and the final details will take lots of work. Individuals or organizations willing to devote a little time to making a realization of this swimming pool dream of ours are invited to call on or call up Mr. H. S. Paine, West Maple avenue.

#### COMMITTEE OF NINE DRAFTS A MARKETING PLAN

Milk Producers Co-operative Co. to Have New Contracts and New Business System.

Plans for enlarging the Milk Producers Co-operative Marketing Company of Chicago, including a new contract and a number of changes in the plan of operating the company, have been completed by the committee of nine which was appointed for that purpose about a month ago.

The committee has decided that the interests of the producers would be best served by working with the present company, which is now handling about ten per cent of the milk in the district and owns plants valued at \$70,000.

Aaron Sapiro, famous co-operative attorney who helped organize the California co-operative fruit interests was retained to draw up the contract.

The new contracts will become effective September 1, if 6,000 have been signed by that time.

In order to safeguard the interests of the producers who sign contracts, an Operations Committee will be created to keep a check on the business methods and overhead expenses of the company. The producers in each of nine districts will elect one of their number to this committee.

It is planned later to create a non-profit sales organization which shall have entire charge of marketing and in which each contracting producer shall be a voting member.

The Committee of Nine, which was appointed by the American Farm Bureau Federation to settle the problems that have arisen in the Chicago producing district is as follows: C. V. Gregory, Editor Prairie Farmer; C. Larsen, Illinois Agricultural Association; H. Hemingway, Wisconsin Farm Bureau Federation; Perry Crane, Indiana Farm Bureau Federation; J. T. Williams, Thomas Keene and A. C. Stoxen, of the marketing company; Dan Gilley, of Cook County; John Rathbun, of DuPage County.

### GROUND BROKEN FOR NEW DAIRY ON EAST CURTISS

Messrs. Geo. E. Zarn and Walter H. Lane Make Plans for Modern Sanitary Building.

Ground has been broken between the Curtiss Theatre building and the post-office for a new, modern dairy building to house the Geo. E. Zarn Dairy. Mr. Zarn purchased the milk business of Elmer Uhlhorn a little over a year ago and is now to make improvements which will enable him to take care of the trade in much better fashion.

Walter H. Laue, of Hinsdale, has been taken into the business and the partners plan to have a modern dairy. The building will be of brick construction 24 x 60 feet and will be one story in height. A foundation of sufficient strength will be built to accommodate a second story should one be desired later.

Mr. Zarn and Mr. Laue have purchased a pasteurizing outfit and all necessary specials and they hope to be installed in their new plant and operating by July 1.

### LOCAL WOMEN HEAR LADY ASTOR LECTURE MONDAY

Distinguished Member of British Parliament Gave an Interesting "American" Talk

Mrs. W. J. O'Neill, H. S. Paine, Elisha Morgan, Wm. Parrish and Miss Charlotte Crum attended the Lady Astor meeting at Orchestra hall on Monday afternoon.

They report a wonderful talk, delivered by the interesting American girl now a member of the English Parliament. She has not lost her American ways and speaks very plainly on what she thinks.

Other speakers on the program were Jane Addams, Edgar Bancroft, Mrs. Joseph T. Bowen, Andrew McLaughlin, Mrs. Henry Cheney, president of the Illinois League of Women Voters and Lord Astor. Herbert Hyde, one of the best known of the Chicago organists, presided at the organ.

### OLD STATION AT AURORA IS DOWN—NEW ONE SOON

Three Local Trainmen on Last "Boat" for Chicago to Pull Away from Antique.

The last train for Chicago to pull out of the old Aurora depot, now torn down to make way for the elevation of the tracks and a real railroad station, was manned by three Downers Grove trainmen. It was drawn by engine 611 in charge of Engineer Mongry, of Chicago. Al Felde, of Hinsdale, formerly of the Grove, was fireman. Will Harvey was the conductor and J. H. Gesner and W. Schrank were the collectors. The last three being from the Grove.

The old depot is no more; and it was almost time. It has served that community for so many years that no one can remember when it was built. It was an eyesore to the city and one of the dirtiest holes on the whole "Q" system. A temporary station has been erected in South Broadway nearly to North avenue until the new depot is built at South Broadway and Washington street.

#### Philosopher's Advice.

Take what relates to the body as far as the bare use warrants—as meat, drink, raiment, house and servants. But all that makes for show and luxury reject. Epictetus.

### ST. JOSEPH A. C. IN SECOND WIN OF 1922 SEASON

Hinsdale Independents Beaten 7 to 6 in Story Book Style After Two Down in 9th.

The St. Joe A. C. won their second game last Sunday over the Hinsdale Independents by a score of 7 to 6. The winning run scored in the ninth inning by "Shrimp" Wimmer with

two down. "Shrimp" stole second, third and home to bring home the bacon for the St. Joe's.

Riedy and Tenuta was the battery for the St. Joe's until Riedy got himself into a hole then Bradley was put in and got out in good shape with no runs scored, bases full with only one out.

The St. Joe's are playing Western Springs Sunday and are out for three straights. They also have games booked with teams such as the Krull Indians and Filipinos, both teams come from Chicago.

### AUTOMOBILE OWNERS

Has your car motor trouble, electrical trouble, transmission trouble or differential trouble or does it just need a tuning up? Call 841-J and have it promptly attended to.

Excellent Values in  
**Children's Wash Dresses**  
of Gingham and Percale

When little girls need one dress after another to keep fresh and clean it seems like a long time between wash days. It is going to save a lot of bother if you have plenty of these dresses. They're just fine for outdoors, being made of sturdy gingham and percales in serviceable patterns.

- Childrens gingham & percale dresses, \$1.25 to \$2.50
- Childrens day frock aprons, good quality checked percale, sizes 8 to 16, each 95c and . . . . . \$1.25
- Misses junior dresses, fancy combinations, of Cre-tone and Gingham, \$3.50 and . . . . . \$3.95

### Children's Pidgy Panties

They are very attractive and comfortable—just the thing for playing in sand piles and running around. Each . . . . . \$1.50

### Rompers and Coveralls For Little Tots

Get a good supply of them now; it's going to make it a good deal easier to keep the little ones in clothes during Summer play days. The cost is very little more than the material.

- Rompers, good quality Chambray, ages 2 to 8, one special lot at . . . . . 95c
- Boys wash suits, assorted colors, fancy trimmed, ages 2 to 6 at \$1.50 and . . . . . \$2.25
- Coveralls, blue denim, khaki and blue Chambray, assorted color trim, sizes 2 to 8 at . . . . . \$1.25
