Do Not Permit Hasty Meals.
 Eating slowly should be taught to children from their earliest days. Often during their school days they get into the way of hurrying over their meals. This habit may cause much illness in later life.

Cow in a China Shop.
 Mention of a bull in a china shop suggests destruction swift and complete, but a cow spent a quarter of an hour in a china shop in the main street of Tipperary without breaking or upsetting a single article. Entering the shop while the owner was absent, it went behind the counter and then passed into a room at the back. Turning round, it reentered the shop on the outside of the counter and, treading carefully, left without doing the slightest damage, to the great surprise of the crowd outside.—London Daily Mail.
