ONLY TWO BABIES OUT OF 69 WERE NOT REGISTERED

Womans Club, After Canvass, Praises Local Physicians and Our Village Clerk

In their canvass of the village last week to see if all babies born here during the past year had been registered, the Womans Club found that Chas. Hitch, village clerk, and the local physicians had been cooperating very finely on the registration of the birth of babies. They were very high in their praise of Mr. Hitch and his records.

Out of 69 babies born in Downers Grove during the past year, only two were found to be not registered. This is a good record and about 100 per cent better than the average over the state.

This is the duty in which the parents and the doctors should cooperate. Every birth should be registered. The number of reasons are far too long to be published and we are glad to see that our community is living up to the law on the subject.
