**Elaborate Plans Made for Dedication of War Veterans' Building at Elgin; American Legion Men to Be Present**

**Governor Small and National and State Commanders of Legion Will Speak**

Elgin, Ill., May 23.—Five thousand World War Veterans, representing 150 posts in Illinois are expected to attend the exercises here next Sunday at the dedication of the new building for World War Veterans at the Elgin State hospital. The principal addresses will be delivered by National Commander Hanford MacNider and State Commander W. R. McCauley of the American Legion, Gov. Len Small and Director C. H. Jenkins of the Department of Public Welfare.

The building is the first to be completed under the terms of an appro-

riation made by the last general assembly at the urgent request of Governor Small, for the treatment and rehabilitation of veterans in the State insane hospitals. It cost approximately \$150,000 and will house 250 patients. It has a frontage of 273 feet and contains dormitories, dining rooms, serving rooms, day rooms, toilets, baths, wash rooms, linen rooms and clothing and mending rooms. A large court and 1,500 feet of sidewalk provide room for outdoor exercise and recreation. The physically sick will be cared for in small wards of from five to six beds each and a separate entrance permits relatives to enter these wards without coming in contact with other parts of the building.

New furniture of the highest qual-

ity has been provided at a cost of between \$10,000 and \$15,000, and every effort has been made to make the building as home-like and pleasant as possible, as it is believed the environment will have an effect upon the recovery of the afflicted veterans.

The cost of the construction has been reduced materially by the use of institution inmates wherever possible under the new system of occupational therapy. All of the common labor was furnished by hospital inmates. They did all of the excavating and furnished all of the concrete blocks. Material was provided from the sand and gravel pits owned and operated by the hospital.

At the exercises next Sunday, which will be held in front of the building, where a large stand has been erected, two battalions of boys from St. Charles School for Boys will be present with their band.

Another similar building is under course of construction at the Jacksonville State hospital.

The undersigned, respectfully represents that it holds the legal title to the real estate described below and that said property is located in the County of DuPage and State of Illinois and is contiguous to the limits of said Village of Downers Grove, but is not embraced within its limits, said property being a part of a larger tract of land known as Lots 1, 2 and 3 of the A. Your petitioner further prays that in the event that the majority of the votes cast at said election, shall be in favor of said annexation, that an ordinance be passed annexing said territory to the said Village of Downers Grove and that all acts necessary, prescribed by said Act, be done to complete such annexation.

**"Santa Claus" Really Dutch.**

The American "Santa Claus" is a corruption of the Dutch San Nicolas. G. H. McHughes says: "Santa Claus, the name derived from Saint Nicholas through the familiar use of children in Teutonic countries, crossed to America. The direct route followed by him is somewhat open to question. On the way he traded his gray horse for a reindeer and made changes in his appearance."

**Pope's Artificial Teeth.**

Even in his letters, Pope depicts scenery with a very cool admiration; and never seems to associate it with any sentiment of moral interest. Where anything of this appears, it is borrowed. The taste of Pope was evidently artificial to the last degree. He delighted in a grotto decked out with looking-glass and colored stones, as much as Wordsworth in a mountain-path, or Scott in a border antiquity.—Henry T. Tuckerman.
