Success. There are exceptions to every rule, but generally speaking if you are not successful you haven't worked hard enough or intelligently enough.—Achtson Globe

Downers Grove Wins Stands Highest Test in Refinement of Taste

Here's how "YE TOURIST TAVERN" made the demonstration.

We recently made inquiry for an ice cream of the best quality that can be found in the City of Chicago, regardless of price—an ice cream which could be in keeping with the patron-personnel and spirit of YE TOURIST TAVERN. We were assured by managers of several of the more exclusive clubs and luxurious cafes that HYDROX-GUERNSEY was undoubtedly the finest in delicacy of flavor and richness of cream composition. But doubts were entertained by these gentlemen that a country town like Downers Grove would be sufficiently differentiating to warrant HYDROX-GUERNSEY, since it cost more money wholesale than any other ice cream that Downers Grove ever carried.

This implication incubated resentment. We brought HYDROX-GUERNSEY forthwith and Downers Grove has come with a rush and run us short each week end.

We are now selling HYDROX-GUERNSEY in such volume that we can retail it almost at as low a cost to the consumer as the cheaper grades, even tho the Tavern is not yet open for real service.

"There's No Place Like Colorado After All!"

Colorado is as big as all New England, with Indiana added; two-thirds is mountainous — 100,000 square miles contain 155 peaks that are more than 13,000 feet high. Within the state there are 500 lakes—large and small; 6,000 miles of running water, born of snow and filled with fish. Mineral springs abound—no one knows how many there are. Every railroad line is an excursion line. Motor highways radiate in all directions.

Obviously, in such a region, vacation possibilities are boundless. Colorado IS America's Grandest Mountain Playground.

Where to go? There are a thousand different places! When to go? Any time! This summer, when you're tuckered and seeking escape from the heat and dust, get out under that magnificent cool blue Colorado sky. Get the tang of the mountain air and the spicy smell of pine in your nostrils. You will not have to ask anybody whether it was the right thing to do.

How to go? Oh, just climb aboard one of our luxurious limiteds. Don't think of Colorado as "Way off yonder"—it's right next door and the journey there is intensely interesting.

Vacation costs are down. This year your travel money goes much farther. Make 1922 memorable for its perfect vacation. Come in and see me about it.
