

**MILK POOL DRIVE  
FORMERLY OPENS  
AT GENEVA, ILL.**

E. B. Heaton, Former DuPage County Farm Advisor, one of the Speakers.

Milk producers Monday opened their campaign at Geneva, Ill., for the purpose of organizing at least one-half the dairymen of the twenty-seven Illinois, Indiana and Wisconsin counties which ship milk into the Chicago market. If the campaign is successful, the Milk Producers Co-operative Marketing Company will be the dominating factor in the Chicago milk question and the dealers will be supplied directly by the producers' organization.

A committee of sixty met to complete the formulation of plans for carrying on the campaign in Kane county, the first in which the plan will be tried. C. V. Gregory, editor of the Prairie Farmer, and E. B. Teaton, director of dairy marketing for the American Farm Bureau Federation addressed the committeemen and recommended a method of procedure.

The drive opened in Rock county, Wisconsin, at Janeville, Wednesday with a similar meeting. In Kane county alone, 1,000 dairymen are expected to join before September 1, the date set for closing. An intensive farm to farm canvass is planned.

Preliminary gatherings to determine whether the majority of Producers favored the new plan were held last week in Rock county, Wisconsin; Cook, McHenry, Lake and Kane in Illinois; and in Lake and Porter in Indiana. The attitude at each of the meetings was described as strongly favorable.

"We are out for more money for our milk," said J. T. Williams, president of the marketing company, "but we are opposed to increasing the price to the consumer. We have no grievance against anybody but ourselves. Now we believe we have found the remedy."

The outstanding idea on which we are organizing, is that the producer is entitled to one-half of the consumer's dollar, and that an increase in retail price is unnecessary in order to pay us this one-half. The dairyman receives less money for owning his cows, caring for them and milking them than the milk driver receives in Chicago for doing nothing more than carrying bottles from his wagon to the back doors."

**SOONER OR LATER**

The announcement comes this week that the Metropolitan Life Insurance Company starting July first, will tell their story to 50,000,000 readers thru three weekly and eleven monthly popular magazines covering the whole United States. This is a startling announcement but goes to show that sooner or later, if you want to get results you must advertise. That is the way the Metropolitan figures it. First tell them what you have and then sell it to them.
