Another great picture which Elmer Uhlhorn, manager of the Dicke Theatre predicts will be received with greater applause by the public than any other picture produced this year will be shown in Downers Grove late this month.

This picture, "The Storm," an elaboration of the great play of that name, was so well received when it was shown at the Capitol Theatre, New York's greatest moving picture house, that it was held over for a second week, the first time in the history of the theatre that any picture was shown for more than one week.

"The Storm" will be shown in Chicago, not only at the Chicago Theatre, but at the Randolph Theatre as well. Such a playing arrangement has never been made on any picture before and is only an indication of the quality of "The Storm."

P. O. REPRESENTATIVE HERE

Mr. Bunn, a representative of the post office department was in Downers Grove Tuesday to look over the mail delivery situation not only in the Grove but particularly between here and Chicago and intervening stations. Mr. Bunn comes direct from Washington and is connected with the office of Paul Henderson, of Hinsdale, Second Assistant Postmaster General.

The department is making a careful study of postal conditions throughout the country with a view to improving the service. Mr. Bunn found everything in good shape here but promised to have conditions remedied on mail going out to towns near by which is being held up in the congestion at the Chicago office.

REBUKED!!

REPRIMANDED BY HYDROX-GUERNSEY ICE CREAM CO. FOR SUPERFLUOUS ADVERTISEMENTS

Yes, it seems I'm always "in bad" no matter how good my intentions. I was perfectly sincere and 100% truthful in telling the public that HYDROX-GUERNSEY ICE CREAM cost more at wholesale, is richer in composition and more delicate in taste than any ice cream ever carried in Downers Grove heretofore.

But while my statements were true and my intentions sincere, I'm reproved for wasting words proclaiming anything so well known by the intelligent public. HYDROX-GUERNSEY ICE CREAM is the only product of its kind in the world the entire manufacture of which is performed, in an absolute vacuum—a secret process known only to HYDROX. It is, therefore, the ONLY ABSOLUTELY PURE ice cream in the world. But I'm told that the public knows this and that I'm merely to say the word "HYDROX" and tell the public where they can get it. That's advertising enough for people of intelligence and taste.

Very well then: HYDROX-GUERNSEY ICE CREAM is carried in Downers Grove only at YE TOURIST'S TAVERN, 189 West Maple Avenue — Phone 131-R. By the way, ever tried a Hydrox "ALASKA?"
