FIRST EVANGELICAL CHURCH

Rev. J. Alfred Nansen, Pastor.
Sunday, July 30, 1922.
9:45 a. m. The Bible School Session.

STATE HAS MORE AUTOS THAN ANY NATION IN WORLD

More Than 750,000 Will Be Licensed This Year, Secretary of State Emerson Says.

TRAFFIC IS BIG PROBLEM

With Growing Number of Cars Need for Caution Is Greater—Urges Law Enforcement.

The number of registered automobiles in Illinois this year will pass the 750,000 mark, according to estimates made by Secretary of State Louis L. Emerson.

More Than One Nation. No single nation in the world, outside of the United States has as many automobiles as has the state of Illinois.

GRADE CROSSINGS ALL MARKED NOW

Driver Should Pay Attention to Signs in Approaching Track.

Every dangerous grade crossing in the state has now been marked with "Stop" signs under the provisions of a law adopted in 1919.

Your Headlights.

Under the law of Illinois every automobile must be equipped with two headlights and a tail light.

Always carry a spare bulb for your headlight, the same as you do a spare tire.—National Safety Council.

When it is necessary to install new brake lining, have an experienced mechanic do it.

Friday and Saturday—A demonstration of THOR products at the Downers Grove Hardware Co. store in South Main street.

To Be Greatly Good.

A man, to be greatly good, must imagine intensely and comprehensively; he must put himself in the place of another and of many others; the pains and pleasures of his species must become his own.—Shelley.

11:00 a. m. Morning Worship. Sermon Theme: "God's Goodness and Severity."

SOME SHOULD NOT BE PERMITTED TO DRIVE AUTOMOBILE

Children Under Fifteen and Some Others Are Listed as Unqualified.

A child under the age of fifteen years is not permitted, under the Illinois law, to drive an automobile unless accompanied by a licensed chauffeur or the owner of the car.

These are the only restrictions in the law relating to drivers of automobiles, Secretary of State Louis L. Emerson pointed out today.

The National Safety Council, in a recent bulletin, listed persons who should not be allowed to drive automobiles. This list includes the following:

- "Children below a certain age;
"Persons whose height does not permit easy reach of the controlling pedals;
"Persons who have not sufficient strength to operate control levers easily and positively;
"Persons under the influence of liquor;
"Epileptics or others subject to fits or fainting spells;
"Persons who do not know and understand the traffic laws, ordinary rules of the road, and other points concerned with safe and efficient automobile operation;
"Persons with dangerously defective hearing or eyesight;
"Cripples or persons minus arms or legs whose defects interfere with their safe control of an automobile."

BULLETIN SERVICE TRACES STOLEN CARS

State-Wide Reporting System Established by Emerson Helps Get Back Autos.

Several hundred stolen automobiles have been recovered during the past year as a result of a new bulletin system established by Secretary of State Louis L. Emerson under the terms of an act adopted by the last general assembly.

One of the difficulties impeding the success of this system, Secretary Emerson declares, is the failure of garages to comply with the law requiring them to register the car and engine numbers of every automobile placed in the garage for storage or repairs.

If each garage kept an accurate register of all the cars received it would be merely a matter of detail for the police officer to check over the register with the numbers in the stolen car bulletin issued by the secretary of state and thus find stolen cars.

About Spot Lights.

The National Safety Council recommends that spot lights be installed as high up on the car as practicable. It should be impossible to make the center of its beam of light strike the level highway more than fifty feet ahead of the car, except when swung thirty degrees to the right or left of straight line ahead position.

On the road treat the other fellow as you would have him treat you. Dim your lights, give him his share of the road and obey all of the rules regarding signaling.

Always park your car with the right side toward the curb. Be sure the emergency brake is on and that the gears are in neutral.

Make it a habit to inspect your brakes often. If something goes wrong at a critical moment it may cause a lifetime of regret.

Believed in Father.

"But, papa, why take my debts so tragically? I assure you, by hard work, strict economy, and the utmost self-denial you will succeed in clearing them off."—Munich Stimplicist.

PROPOSAL FOR BIDS

One Air Compressor, one Direct Connected Synchronous Motor of 2300 volts, 3 phase, 60 cycle and One Vertical Type Air Receiver.

(Daylight saving time) July 31st, 1922, for one Air Compressor, one Direct Connected Synchronous Motor of 2300 Volts, 3 phase, 60 cycle and one Vertical Type Air Receiver to be used for Air Lift Equipment on Deep Water Wells.

CHILDREN AT PLAY NEVER THINK OF DANGER

37 Years Ago

(Continued from Page 2)

Besides this there is a prosperous lodge of Odd Fellows, a fine band whose members wear a beautiful uniform, and the usual number of other benevolent and social societies as well as a fine "Caxton" public library.

The churches of the village are four in number, each with as fine an edifice as is usually found in much larger places, and all out of debt.

The Baptists are ministered to by Rev. Dr. I. N. Hobart, a veteran in the field of ministerial duties, and one of the most devout and entertaining preachers as well as genial gentlemen.

The Congregationalists engage the services of Rev. W. A. Moore, a gentleman whose heart is thoroughly enlisted in his work, and a vigorous worker.

The Methodists have as their pastor Rev. Pomeroy, who has recently been assigned to this field of labor, but who has already won the hearts of his people.

The German Evangelicals listen to the preaching of their pastor, Rev. Theodore Alberding, twice each Sabbath, and the church is in a prosperous condition.

The Episcopalians have an organization, and hold services once in three weeks in the Congregational Church, the attendance being very satisfactory.

A word to the manufacturing. The proverbial healthfulness of Downers Grove, the cheapness of living, the excellence of its shipping facilities, and

Save Money on Clothes

I am a practical Tailor and Cutter of 30 years' experience. I specialize in made-to-order garments for men and help you save money on your suits, overcoats, etc. I sell only that which I can guarantee and stand back of.

Drop me a card in post office and I will call with samples, without obligating you in any way to buy.

Respectfully,

HOT WATER always on TAP

HOT water in abundance for the bath, the kitchen and the laundry is a real household necessity and a joy forever. Gas water heaters are efficient—economical. Install a Gas Water Heater now.

Western United Gas & Electric Company

proximity to the vast consuming market of Chicago, would seem to make it a desirable location for certain lines of manufactures. It is thought with a good deal of reason, that a canning factory would do well, and more than possible a cheese factory and creamery. The various classes of trade are already well established and represented, which will appear to the reader further on in this work by the advertisements of the merchants. In conclusion we would earnestly ask a careful perusal of this little book, for it has been specially prepared for you for that purpose, in the hope that it may prove mutually advantageous to you as a home-seeker and to Downers Grove as the place offering the advantages you are seeking. Next week will be reprinted "Personals" by the Editor.

Silver Shoes Pass as Currency.
The Chinese use an ingot in the form of a woman's shoe as a basis of currency, which is determined by the weight and fineness of silver. It is expressed in so many "taels of silver." The fineness and weight of the shoes are certified by a Chinese official called "Kung Ku."
