HOME FOOTBALL GAMES SCHEDULED BUT — NO FIELD

High School Class Advisors Have Been Appointed—Seniors Elected Officers.

The Downers Grove High School football schedule for the 1922 fall season includes three home games—and we have no field to play on. The schedule as it now stands is as follows: September 30, J. Sterling Morton, there. October 7, Elmhurst here. October 14, Hinsdale, here. October 21, St. Albans, there. October 28, Glen Ellyn, here. November 4, Open date. November 11, West Chicago, there. November 18, Naperville, there. November 25, Wheaton, there. Coach Reeve is working hard with the football squad and expects to turn out a team of which the school and the fans can be proud. If all the games must be played away from home, it will naturally detract from the interest. The team coach and all the followers are bemoaning the lack of a suitable field.

High school class advisors have been appointed as follows: Freshmen—Miss Gault. Sophomores—Miss Spinner. Junior—Mr. Morse. Senior—Miss Blecker. The classes are organizing, the Seniors being the first to elect their class officers. These were elected on Tuesday evening as follows: Ray Klein—Class President. Ruth Thatcher—Vice-President. Harry Putnam—Secretary. Gardiner Barr—Treasurer. Social activities of the classes are beginning to take shape and a busy season is in prospect.

"Trumpet Blowing." It is a mistake to undervalue yourself, because people are apt to take us at our own valuation. At the same time, we do not advise "trumpet blowing" as this makes a person objectionable. Try to strike the happy medium of a dignified estimation of your own powers, but don't boast about them.

Stamp Trade Highly Organized. Paris has long been a cosmopolitan gathering place of stamp collectors from everywhere in the world. The stamp trade in Paris is so thoroughly organized that it even has a curb market.

Repairing Water Pipes. A satisfactory temporary repair of a leaking pipe may be made by binding around several layers of string well soaked in thick oil.

Her Vision. A wealthy woman of fifty was told that her husband was in love with his stenographer. You can see it yourself," they told her. She replied: "No, I cannot see it. A young woman or a blind woman might see it; but I am fifty and I am not blind. I know what not to see."—Charleston News and Courier.

May Grow Rubber in Arizona. In the southern part of Arizona the wild rubber plant grows abundantly, and may be cultivated in a large way if present experiments prove that from it a marketable quality of crude rubber may be extracted.

A Thought for the Day. Truth is the real food, but most of us starve in the midst of abundance, for want of appetite.

Wrong Feeling Most Infectious. A vexation arises, and our expressions of impatience hinder others from taking it patiently. Disappointment, ailment, or even weather depress us, and our look or tone of expression hinders others from maintaining a cheerful and thankful spirit. We say an unkind thing, and another is hindered. We say a provoking thing, and our friend is hurt. Wrong feeling is more infectious than wrong-doing. Frances R. Havergal.

Other Side of the Question. "A dog," said Uncle Eben, "is man's faithful friend; which is what he ought to be, considerin' how he cuts wifout workin'!"
