The following communication from Mr. A. H. Kehrl was received and placed on file:

Downers Grove, Illinois, July 31, 1922
Mr. F. N. Davis,
73 N. Main st, Downers Grove.

Dear Mr. Davis:
I take pleasure in forwarding to you a copy of a resolution that was adopted at the closing session of the Downers Grove Community Daily Vacation Bible School.

WHEREAS the school board of Downers Grove, Illinois, permitted the use of the High School building in the project of the Community Daily Vacation Bible School for 1922,

AND WHEREAS all interested parties acknowledge that greater advantages and extended possibilities have been resultant,

BE IT THEREFORE RESOLVED that, on behalf of the boys and girls of Downers Grove, we express our hearty appreciation, gratitude and multiplied thanks to said board for their cooperation and good will in making the Vacation School a success.

By order of the assembly July 28, 1922.

Arnold H. Kehrl, Superintendent.
Very sincerely,
(Signed) Arnold H. Kehrl.

AN ESCAPED PRISONER

An Escaped Prisoner is coming to Downers Grove. After having served "Time" for eleven years in nineteen jails and penitentiaries he was set free. Come to the First Baptist church next Sunday evening at 8 o'clock and hear him deliver a marvelous and stupendous lecture. See him in prison uniform and see the pictures from the stereopticon that will tell the story "From Prison to Paradise."

Jim Hicks is at the head of the National Prison Bible Class, since his time he has visited over 125 prisons and spoken to 100,000 men behind prison bars.

He brings exclusive details of interior prison life. Shows the workings of instruments of capital punishment such as the stocks, the chair and the guillotine. If you fail to hear this man and see these real prison pictures you miss an opportunity of a life time.

Moved and seconded that the Superintendent be instructed to wire Mr. and Mrs. Guy H. Brown to return for duty next Monday morning. Carried.

On motion the board adjourned.
Fred E. Dowe, Secretary.

GARBAGE PROBLEM IS SOLVED

The problem of the garbage is solved. Get a woodchuck (some say it is a woodchuck, some say it is some other kind of an animal) whatever it is it has a hole underground in our back yard, it carries away the garbage of two families, tin cans and all. I don't see what it wants with the tin cans unless it wants to can some for winter. It saves us from buying garbage cans and hunting for a place to put it, and no disagreeable odor. The animal is no trouble to anyone and I think it would pay to find an animal like that even if we had to send to Europe to get one.

It would be much more sanitary than pigs or chickens and they say the flesh is good to eat and their hide would be useful also why not raise them instead of pigs or chickens. When we don't feed it regular it comes out and looks around for a while. If anyone would like to see it call at 125 West Maple avenue.

Your Home!

EVERY family dreams of the day when it can have its own home, built after its own plans—or planning.

All very well—but it involves more responsibility and foresight than many folks imagine. The result is usually keen disappointments at the failure to take full advantage of building possibilities,—after good materials have been used and it is too late to alter the plans.

Plans are easy. Experienced builders have worked out numerous plans for well arranged and comfortable homes. We can supply you with these.

Come in and look over blue-prints, plans, perspective drawings and photographs of homes, barns, graineries, silos, etc. We want to help you plan.

But no matter what the job is—if you need Lumber, Cement, Lime, Shingles, Building Board, Sand, Tar, Lath, etc.—we want to supply you.
