Your Home!

EVERY family dreams of the day when it can have its own home, built after its own plans - or planning.

All very well—but it involves more responsibility and foresight than many folks imagine. The result is usually keen disappointments at the failure to take full advantage of building possibilities—after good materials have been used and it is too late to alter the plans.

Plans are easy. Experienced builders have worked out numerous plans for well arranged and comfortable homes. We can supply you with these.

Come in and look over blue-prints, plans, perspective drawings and photographs of homes, barns, graineries, silos, etc. We want to help you plan.

But no matter what the job is—if you need Lumber, Cement, Lime, Shingles, Building Board, Sand, Tar, Lath, etc.—we want to supply you.
