Daylight works, a new automatic

Downers Grove housewives are being canvassed men selling silk hosiery, and purchase from these canvassers hosiery under the impression that they are being offered a big bargain. These canvassers represent they are able to

sell cheaper because they sell direct from the mill

to the consumer. However, every housewife will readily realize that selling merchandise through canvassers is immensely more expensive than selling the same merchandise through stores. If this were not the case all selling would be done by canvassers instead of retail stores.

## Fashioned Hosiery Does Not Mean "FULL FASHIONED"

Many of the hosiery canvassers offer what they term as "Fashioned Hosiery." This term is merely a trade name to give purchasers the impression the is getting "Full Fashioned Hosiery."

Every store in Downers Grove has "Fashioned Hosiery." Canvassers can sell Fashioned Hosiery and get away with it because they will leave the territory after a few weeks and seek new fields, but a Downers Grove store remains in Downers Grove and must give satisfaction to the public in order to survive.

Some canvassers also assure the housewife they are permanently located in the territory and show a business address and alleged credentials. Nevertheless not one of the hundreds of crews of can-

vassers who worked this community in the last 15 years have remained permanently. YOU CAN DRAW YOUR OWN CONCLUSIONS.

NAIL FILE TEST

The nail file test is a fraud. Canvassers impress housewives with the quality of silk hosiery by running a nail file along the inside of a stocking. This makes a deep impression until the housewife knows that the nail file or point of a scissors run in the right way and drawing the hose over the points will show that no damage whatever can be done to the weave.

EVERY PAIR OF HOSE WILL PASS THE "NAIL FILE TEST" regardless of whether you pay \$1.00 or \$5.00 a pair for them.

### Canvassers Do Not Offer Bargains!

You can judge for yourself how much of a chance a canvasser has of offering you a bargain. He must have big profits for his work, and his mill must have a profit—both take more than a retail store does in selling the same merchandise.

It is an established truth that you can always get the same merchandise offered you by a canvasser, at the local retail stores, cheaper than the canvasser can sell them to you, regardless of the selling talk the canvasser gives you about cutting out the middleman, direct to the consumer, etc.

When these canvassers offer you three pair of silk fashioned hose, for instance, for \$4.00 you can depend on it that the same quality hosiery can be bought in Downers Grove for less money.

Buy from canvassers if you so desire, this is merely to give you information on the subject so that if you do buy from house to house salesmen you are advised of the situation.

We have heard of many cases where people have been stung and it happens every day, so why allow a stranger to take your time and in a convincing, beautiful manner take away your hard earned dol-

Remember also, no matter what language a guarantee is written in, its value depends upon who is back of it. Downers Grove stores are back of every guarantee and you can take action at once and you get satisfaction. You have no guarantee that an out of town organization will be in existence when you want to press your claim on a guarantee, also a guarantee is often worded that the giver can claim you did not live up to your part of it, therefore are entitled to no damages.

Have you tried the silk hosiery that you can buy here at home selling for \$1.25 which these canvassers sell 3 pairs for \$4.00?

Silk hosiery selling at \$1.50 here is the very best value regardless of what, any salesman will tell you, and can be proven.
