- 1.17 Newspaper clipping. *Another Paper Mill for Georgetown. Acton Free Press, June 02, 1910, Page 3.*

A new coating mill is to be constructed in Georgetown at a very early date on the property directly east of the present one. Mr. L.E. Fleck is at its head, backed by a number of influential capitalists. It will have a large output and will employ probably seventy-five hands. At a special meeting of the Council on Monday afternoon it was agreed to grant the new industry a fixed taxation of \$10,000 and 500 gallons of water per day. - Herald.
