

All students from Ontario admitted to the First Year of the Degree Course at Macdonald Institute are eligible for one of the Ontario Women's Institute Awards. The awards are made on a regional basis, one to each of the four Ontario Women's Institute regional districts, and a fifth at large. Five one hundred dollar awards may be made annually, academic standing (Grade XIII work) being considered in the regional selection of the winners. Preference is given to a rural Ontario student and to the daughter of a Women's Institute member.

Shown above are the five winners for 1952-53 being congratulated by Dr. Margaret S. McCready, Director of Macdonald Institute. From left to right are Margaret J. Little, Powassan, Ontario; M.
