

At a Local Leaders' Training School

Editor's note: For the pictures on this page we are indebted to Mrs. Kathryn Hansuld Lamb of the Kitchener-Waterloo Record. The pictures were taken at a Waterloo County Training School for Leaders of Girls' Home-making Clubs working on the project "The Club Girl Entertains." The pictures give some little idea of what goes on at a training school. The County Home Economist in charge of the school is Mrs. John King.
