South American tour in March.

The A.C.W.W. office was broken into on December 20. Thirty-nine dollars was taken and the office safe destroyed, so a new one had to be purchased. These items were covered by insurance.

Mrs. Aroti Dutt will arrive in Halifax on August 11 and then proceed to Ottawa as guest of F.W.I.C. She will not visit Ontario officially enroute to the Conference at Lansing, since she was here for the week last year. It is expected she will arrive at Toronto Airport for a change of planes enroute to Chicago at approximately the same time as a flight of delegates arrives from the United Kingdom.

A FARM PICTURE

Through the ample open door of the peaceful
country barn,
A sunlit field with cattle and horses feeding,
And haze and vista, and far horizon fading away.

Walt Whitman

Ontario Pollution Conference

Mrs. Small attended the Provincial Pollution Conference held in Toronto early in December. Pollution was dealt with under three phases — agriculture, municipal and industrial. It was generally agreed that agriculture suffers more from pollution by others than it contributes to pollution. The Conference focussed on air, water and soil pollution, and speakers emphasized that some action on pollution is being taken but a lot more is needed.

United Nations Secretary

Mrs. Percy Radbourne, United Nations Secretary, requested that each Board Director stress at District Annuals that a study on "Human Rights" is essential. She is preparing a panel discussion and a flip chart for the presentation of the Human Rights story and showing laws passed from the Magna Carta in 1215 in England and down through the years, and asks such thought provoking questions as: "Do we have equal rights in Canada?" "Do Indians and Eskimos have equal rights?" "Is there one law for the rich and one for the poor when the poor often do not know their own rights?" "Is it possible to infringe on rights of seller and renter?"

Hospitality Report

Mrs. John Charlton, chairman of the Hospitality Committee, reported that since the Annual Board Meeting she has had correspondence with four Women's Institute members from England. These guests will arrive in Toronto May 16 and June 3 and plans will be made for them to see Stoney Creek, Erland Lee Home and the Adelaide Hoodless Homestead.

Wordsworth—

"For I have learned to look upon nature, not as
in the hour
Of thoughtless youth; but hearing oftentimes
The still, sad music of humanity,
Nor harsh, nor grating, though of ample power
to chasten or subdue."
