

of speeches for follow-up of panels to try to create more interesting reports; to make recommendations for continuity in programs and suggestions for program planning, etc. Provincial convener reports and outlines should be used as guidelines and more guidance given by district to branch, area to district and province to area. Women's Institutes were urged to make use of Workshops and Short Courses on Procedures in order that officers and members better understand mechanics of our organization for successful work and in order that prospective conveners and officers are aware of their responsibilities. Suggestions were made that branches study family life programs, all kinds of pollution, drugs and their harmful effects and many other subjects pertinent to the new decade, and that they use money they are tempted to give to other organizations to send members to District Annuals, Officers' Conferences, etc. that they may acquire a better working knowledge of the Women's Institute's aims.

The panel's recommendation that the Provincial Conveners assume the responsibility of forwarding their reports for 1968-69 year and the suggested outlines for the 1969-70 year to the respective Area Conveners was accepted.

INTERNATIONAL SCHOLARSHIP

Recommendations from a meeting of this International Scholarship Committee were accepted by the Provincial Board. It was reported that during the last year the interest from this fund was sent to Turkey, one of the newer societies in A.C.W.W., for support of applicants studying midwifery. Through consultation with A.C.W.W. Ontario offered support to one of the two applicants. One girl who applied had several awards and did not need the support and the other did not pass her exams. It was proposed by the committee that F.W.I.O. communicate with their contact in Turkey to ascertain the proposed assistance can be carried out this year.

Another recommendation was that the earnings from the International Scholarship Fund for 1969-1970 be added to the principal to build it up to the original objective.

It was also recommended that Mrs. Zoeller and Miss McKercher investigate the possibilities for use of the earnings from the fund in the next term.

Ed. Note—

Since the 1969 Annual Meeting, word has been received from the International Secretary of the Turkish Women's Organization (T.K.K.O.) that Miss Nazmiya Salman has been selected to receive the award from the F.W.I.O. International Scholarship.

IF NO ONE EVER MARRIES ME

If no one ever marries me—
And I don't see why they should,
For nurse says I'm not pretty,
And I'm seldom very good—

If no one ever marries me
I shan't mind very much,
I shall buy a squirrel in a cage
And a little rabbit-hutch;

I shall have a cottage near a wood,
And a pony all my own,
And a little lamb, quite clean and tame,
That I can take to town.

And when I'm getting really old—
At twenty eight or nine—
I shall buy a little orphan-girl
And bring her up as mine.
