

Miss Elaine Fraser, clothing specialist with the Home Economics Branch of the Ontario Department of Agriculture and Food, discusses handling modern synthetic materials at a Perth County Training Centre for Women's Institute Local Leaders at Stratford.

**Wellman's** — "With proper care at home and with professional care a child today may never need to wear dentures," said a Public Health Nurse speaking to the members of this branch.

**Jaffray** — Roll Call — "Old Remedies Using Vegetables." Some of the remedies were — poultices of flaxseed and black pepper, corn meal and red pepper, and scraped potatoes. Onions, garlic and horseradish seemed to be a common remedy for coughs and colds.

**Listowel West** — A demonstration showing how to frost a cake for a freezer was of interest to Branch Members.

**Warsaw** — Those attending a branch meeting were very interested in hearing a speaker who had lost an eye but had regained his sight through an eye transplant.

**Bonnechere Valley** — The local Fire Chief told the members of this branch that most fires are caused by human carelessness.

**Goshen** — The members found a demonstration on "cutting up a chicken" interesting.

**Conn** — A constable using slides explained Pedestrian Safety. For a title the speaker chose, "The Lost Art of Walking."

**Silk's Ruth Sayre** — Members found interesting a demonstration on painting a picture by a local artist.

**Annam** — A speaker explained the various varieties of chrysanthemums and gave pointers on growing and developing the flowers.

**Canfield** — The members enjoyed an exhibit of oil paintings and pottery at a branch meeting.

**Brigden** — A demonstration on the use of a blender was a program feature at a meeting of this branch.

**Brownsville** — Roll Call — A new product on the grocery shelf and your reaction to it.

**Brampton West** — A speaker explained the possible effects of emotional problems on health.

**Castlemore** — A speaker explained her display of needlepoint and petit point for the branch members.
