

the Oslo Conference last fall there were resolutions and requests to all member societies to support the work that the United Nations is doing to conserve our natural resources. We as Canadians pledge our support. This means that every Branch should assist in any way it can to help in the conservation of our resources, to safeguard our landscape, to preserve wild life and to secure humane treatment of animals. Some resolutions have already been dealt with at provincial level on these topics, but always the onus for action falls back on us in the community. What is your Branch doing in this connection? The conveners of Agriculture and Canadian Industries of every level have a big field of interest here for the coming year. We look to them to take the lead. There is an Ontario Committee for Man and Resources. It is trying, with the help of the citizens, to formulate guidelines for the solution of important problems in the use of natural resources. You might like to get involved with it in your community. In any case, watch for news items on its work.

I hope the delegates who attended the Officers' Conference in May enjoyed it and found the sessions helpful. Would all the leaders and others who contributed to its success please accept our grateful thanks.

Best wishes to you all for a very happy, safe and healthful summer.

Bernice Noblitt.

#### I WANT TO LIVE IN A FRIENDLY WORLD

I want to live in a friendly world, a friendly world, a friendly world.  
 I want to live in the kind of world that's kind to folks like me.  
 If I run short of a cup of milk and my next door neighbor's in  
 I want to know that she won't say "no"  
 To the color of my skin,  
 Or the church I worship in,  
 Or the town from which I came,  
 Or my great grandfather's name.  
 I want to live in a friendly world, a friendly world, a friendly world,  
 I want to live in the kind of world that's kind to folks like me.

I want to live in a friendly world, a friendly world, a friendly world,  
 I want to be in a friendly world wherever I may be.  
 If there's a job, or a place to live for my family and my kin  
 I want to know that she won't say "no"  
 To the color of my skin,  
 Or the church I worship in,  
 Or the town from which I came,  
 Or my great grandfather's name.  
 I want to live in a friendly world, a friendly world, a friendly world,  
 I want to live in the kind of world that's kind to folks like me.

#### I'D LIKE TO TEACH THE WORLD TO SING

I'd like to build the world a home  
 And furnish it with love,  
 Grow apple trees and honey bees  
 And snow white turtle doves.  
 I'd like to teach the world to sing  
 In perfect harmony.  
 I'd like to hold it in my arms  
 And keep it company.

Chorus:

That's the song I hear  
 Let the world sing to-day.  
 What the world has to say  
 Is the song I sing.

I'd like to see the world for once  
 All standing hand in hand  
 And hear them echo through the hills  
 For peace throughout the land  
 I'd like to teach the world to sing  
 In perfect harmony.  
 A song of peace that echoes on  
 And never goes away.

#### THE WORLD ONE NEIGHBORHOOD

We thank thee, God, for eyes to see  
 The beauty of the earth;  
 For ears to hear the words of love  
 And happy sounds of mirth;  
 For minds that find new thoughts to think,  
 New wonders to explore;  
 For health and freedom to enjoy  
 The good thou hast in store.

Oh may our eyes be open, Lord,  
 To see our neighbors' need;  
 And may our ears be kept alert  
 Their cries for help to heed;  
 Make keen our minds to plan the best  
 For one another's good,  
 That all the world may be at last  
 One friendly neighborhood.
