REPORT — JUNIOR WOMEN'S INSTITUTES

Mrs. Frank Skulj

We now have 111 members, one new Branch in Wainfleet and another in Peel County.

All the Branches have participated in educational and informative programs. Some of these include Sewing with Knits Courses, Flower-arranging, hair and skin care, Children's Aid speakers, cake decorating, candlemaking and its history, fashion shows, summer foods demonstration. Two Branches reported placing exhibits in their fall fairs.

Niagara district Branch sponsored bus trips. They also held a card party with a rummage table and flower demonstration to raise funds.

The Spring Meeting was hosted by West Lincoln, one of our newer Branches. Included on the day's program were Ukrainian Egg decorating, cake decorating and slides on cheese.

Our Fall Conference was held in Kitchener this year. There were three days of interesting activities.

DISPOSITION OF RESOLUTIONS

Nine sustained resolutions and two emergencies were handled from the 1972 Area Conventions. Resolutions and letters were forwarded to government, industry or other organizations. We were extremely pleased with the fine response, in answer to our concern requesting the manufacturers to re-design a safer container for one serving pudding and fruit containers. The Industry took time to answer our questions and sent samples of the new improved containers.

There is always an element of disappointment. The resolution concerning invisible polyester thread unravelling so easily in ready made garments and our request for a change in the finishing stitch, met with absolutely no response from the Apparel Manufacturers Council of Canada.

Resolutions concerning conservation, recycling, pollution, disposal of garbage, were directed to the proper authorities and the answers and explanations from government officials were quite detailed.
