Through Work Comes Friendship

Lambton County Women's Institutes catered to the 1973 International Plowing Match. This big undertaking brought the members together to work in committee, plan and carry out that huge task.

The Committee for the Women's Institute display has continued this friendship and periodically get together for dinner, a picnic or a Christmas party. The members became close friends during the year of planning and working closely together for a week. It has been said many times that it's people that count and this group of ten ladies proved it.

WELCOME TO NEW W.I. BRANCH

Some years ago a branch of the Women's Institute was formed in Mille Roches. With the coming of the St. Lawrence Seaway, when some members moved away, and the eventual flooding of the old town, the Institute was disbanded. During the transition from the old to the new, many of the families of the town of Mille Roches took up residence in the new town of Long Sault. A move was made a few months ago to organize a W.I., and the culmination of the planning was observed when a group of interested persons met in St. Andrew's United Church Hall on January 30th, for the inaugural meeting of The Long Sault Women's Institute.

At the inaugural meeting of the Long Sault Women's Institute, January 30/75, some of the officers review the Handbook and tentatively set up an agenda. L-R Mrs. Peggy Thompson, alternate District Director; Mrs. Hazel Beckstead, Secretary Treasurer; Mrs. Elizabeth Robertson, President; Second Vice President Mrs. Hazel Fickes; and District Director, Mrs. Dorothy Durrett.

O'Connor W.I. celebrate 65th. Cutting the cake are President Mrs. Rose Macdonald and charter member Mrs. Hardy Whittaker.
