Choral Singing — Music for the banquet.

Tapestry Interest Group — Is this the right way?

The annual 4-H Homemaking Club Conference was held in June at the University of Guelph under the supervision of Mrs. Margaret Woof and the Regional Supervisors assisted by the County and District Home Economists.

Approximately 200 4-H Homemaking Club girls from every County and District are invited to attend and participate in the Conference. Variety in the programme allows each delegate plenty of scope to bring out her own talents.

## Images '75

Dr. Ethel Chapman set the mood for the Conference by dividing the images into three parts — Your Career — The Girl You Are Or The Woman You Want To Be — Your Social Relations With Boys or Young Men.

Images became very real and as Dr. Chapman said, "already you are somebody and you're going to be somebody. I don't think the world was ever in safer hands than it will be with most of the young people who will soon be taking it over."

## BANQUET

Mrs. Calvin Carmichael, regional Vice-President of FWIO extended greetings on behalf of the President Mrs. Maluske and the organization. Women's Institute members who act as leaders do feel a sense of pride in providing this service. "I just wish every leader had an opportunity to attend this Conference to see the tremendous talents being developed through Homemaking programmes."

MR. ROBT. EATON, Parliamentary Assistant to the Minister, The Hon. Wm. A. Stewart, spoke to the girls, wishing them well and congratulating them for being chosen to come to the Conference. He continued by saying, "The Ontario Ministry of Agriculture and Food through the Home Economics Branch, is pleased to support the programme. We hope through this programme we are helping to develop your leadership ability and that "Images '75" will make you more aware of opportunities which are available to you."
