

The Home Economics Branch provides a rather extensive Loan Library service to assist members to prepare papers, demonstrations and discussion aids for regular meetings.

Information kits in three-ring binders are available; also demonstration kits in large suitcases which are shipped prepaid express.

Mounted papers and clippings dealing with topics suggested in the handbook for standing conveners are on file. All government publications are not on hand but we will do our best to direct you to the proper source of information.

Please don't deface the material sent. We all like to work from clean copy. We suggest you make notes on a separate sheet.

All material is on loan and should be returned as soon as possible, but not held longer than two weeks.
