Mrs. Herb Maluske  
Mrs. Earl Morden

### JUNIOR WOMEN'S INSTITUTE

Miss June Alton

Total membership is 184 active members in eight branches located in Niagara District, Wainfleet, Peel County, Norval, Guelph, North Grey, Lucknow and Hastings County.

The Spring meeting was held in Fonthill where 55 members gathered to conduct the business at hand, listen to speakers and see special demonstrations.

At the annual Fall meeting in Lucknow special speakers were A. R. Walker, speaking on consumer protection laws and Ms. Barbara Shein on how we as consumers could plan and save when shopping. The business session included the election of officers.

President	Cindy Cordingly
Secretary Treasurer	Marion Koepke
PRO	Donna Clark
Board Directors	June Alton Helen Thompson

It is hoped a representative will attend Officers' Conference in May.

There were no applications for the Junior Women's Institute Award this year, however it is hoped there will be one next year.

The new provincial project was a \$300.00 donation towards a piece of equipment at Toronto's Sick Children's Hospital. The equipment will bear the name of the Junior Women's Institutes.

Mrs. Herb Maluske, FWIO President poses for a picture with Mrs. Newman, Mother of the Minister of Ontario Ministry of Agriculture and Food, seated; Junior Board Director Miss June Alton and Mrs. Wm. G. Newman.

## CONVENERS' REPORTS

### AGRICULTURE AND CANADIAN INDUSTRIES

Mrs. J. A. King

This is my last report and I sincerely thank all the Conveners for submitting reports promptly. "If you don't believe in co-operation just watch a wagon when a wheel comes off!"

All the Areas had 100% District reporting and the following 100% Branch reporting—Central, Cochrane-Temiskaming, Guelph, Kingston, London, Northern, Simcoe and Trent Valley. North Central, Northwestern, Southwestern each had only one Branch missing.

There is a wealth of information and an extensive variety of topics on all those suggested in the Handbook, unfortunately I cannot include all.

#### Agriculture

##### Roll Calls:

Name a way you think the world food shortage could be alleviated? How do you feel about a guaranteed farm income? If you had 100 acres what would you grow?

##### Mottoes:

Bread is the symbol of home, hope and hospitality. Pioneers had their tranquilizer—they called it work. A man has a true conception of life when he plants a tree under which he knows he will never sit.

##### Topics studied:

Current topics were Conservation of Land—preserving good agricultural land for food production. Farmland taken over by urban development and urban retreat seekers. "Farms for sale—Farms for rent." Price stabilization. Restructuring. A synthetic form of Vitamin C by Dr. Paul Seib of Kansas State University, which does not break down in the bread-baking process. Speakers on Marketing Boards. The new Canadian Poultry Industry Council—a single voice for discussion of trade markets and research.

##### Slides, Films:

From the Royal Ontario Museum, slides on Ancient Agriculture with a display of tools from the world over. Mushroom farming. "Of Man and Food in Today's World." "Behind These doors," showing perishable foods being transported from the fields on to the retail outlets. "The Arctic," the wildlife and the pipeline. Pollution on parade—a skit.

##### Canadian Industries:

##### Roll Calls:

How industry has changed our life pattern. Name a Canadian article manufactured within 25 miles from home. Bring an article of Canadian Industry as a gift for a nursing home.

##### Mottoes:

Most of the prints in the sands of time were made by work shoes. Hard work is the yeast that raises the dough. Industry keeps the body healthy, the mind clear, the heart whole and the purse full.

##### Topics and papers:

Gravel crushing being done in North Central Area—for use on new Super Highway between London, Sarnia and points west. The place of handicapped in industry. Recycling of garbage. Pollution control. Recycling sewage into safe drinking water.
