Mrs. Herb Maluske extended the thoughts of the theme—"W.I. Shows How An Idea Grows". Because of the growth of the WI Branches it became apparent there was a need to become a corporate body, so in 1919 FWIO was formed.

Appreciation was extended to the Home Economics Branch for their assistance and generosity shown to Women's Institutes at all levels over the years.

Many changes have taken place during the last forty years in the world but one of our most precious rewarding assets is the continuation of the Women's Institute—for it we accomplish—without it we have nothing.

Area Vice President of ACWW Mrs. E. V. Fulton, Manitoba, on behalf of the International Organization praised the members of Ontario for their excellent support and assistance to women in developing countries. By providing funds to further support the needs of women in the constituent societies around the world, forward strides have been taken but there is still much to be accomplished.
