

Head Table Guests.

Greetings from F.W.I.O.

Mrs. Geo. Barr regional vice-president, extended greetings at the banquet on behalf of the F.W.I.O. "One of the greatest rewards of the Women's Institute branch is to sponsor a 4-H club. It proves a genuine learning experience for both girls and leaders."

Banquet Speaker

Mr. R. G. Bennett, Deputy Minister of the Ministry of Agriculture and Food felt you had to look back before you could look ahead at Signposts for the Future.

Young people are finding it hard to secure jobs but Mr. Bennett remembered back to 1943 when jobs were equally difficult to come by.

There was a time when we felt natural resources were unlimited, we've been gobbling them up for years and now find we're in trouble. Years ago we didn't contemplate the ability to consume as fast, we now look to renewable resources and our dependency on those responsible, especially in the Agricultural industry.

It becomes more important to make the economic climate viable for farm families. There continues to be a need for using the abilities of human resources and providing leadership.

Mr. Bennett referred to the inventor of the self starter who said "my only interest is in the future because that's where I'm going to spend the rest of my life." 4-H will provide the energy to make all of you self starters.

Time to rest in the physical fitness class.
