

OXDRIFT EXEMPLIFY W.I. WORK

Oxdrift W.I., Kenora District are just about the busiest Branch in Ontario.

The Branch, District and Area Presidents are all members of Oxdrift. They boast three life memberships within their 25 member organization.

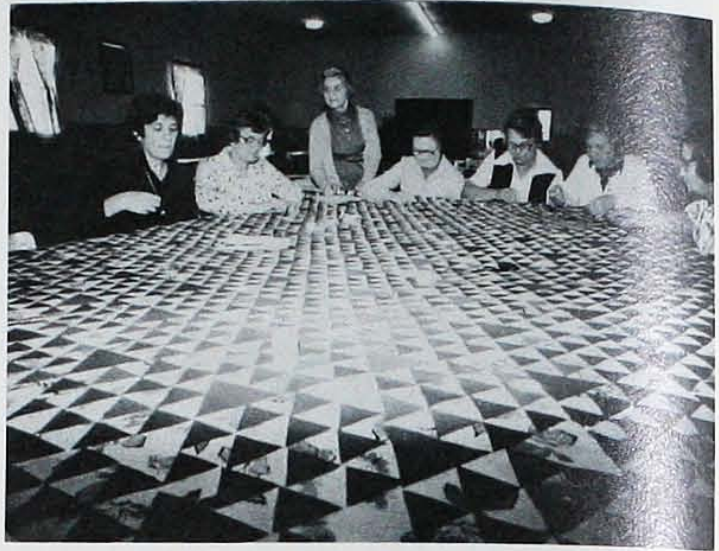

The A.R.C. Industries recently benefitted from a Quilt-A-Thon. Three quilts were set up in the Community Hall when Quilt-A-Thon participants (36 in all) quilted on an hourly basis for money pledged by sponsors. The response far exceeded their expectations and at the end of the two-day event six quilts had been quilted.

Homemade soup and sandwiches were on sale throughout the week-end and these sales were also included in the final presentation.

A.R.C. Industries Company Chairman, Bert Moline, received a donation amounting to \$2,276.01, guaranteeing the building fund project will go over the top.

Advisors were on hand to answer questions and demonstrate the art of quilting. Members of the new 4-H Club assisted the W.I. in serving tea.

As a result of the response from the members and public it is hoped a quilt competition might be the next project.

It's a patchwork approach but the members are in stitches over a week-end Quilt-a-Thon.

Two hundred and thirty years of quilting expertise is shared by L-r Dora Stephenson, Lily Skene and Stella Hutchison.

Oxdrift W.I., Kenora District. Members represent all three levels of W.I. in northwestern Ontario. L-r Anna May Krassilowsky, President, Oxdrift Branch; Ena Skene, President, Northwestern Area; Ellen Tuckey, President, Kenora District.

It's In The Bag
A donation of \$2,276.01 was packed into a bank deposit bag and presented by Alta Skeene, chairman of the Oxdrift Quilt-a-Thon, to Bert Moline, co-chairman, ARC building committee.
