

ERLAND LEE (MUSEUM) HOME

Mrs. Margaret Zoeller, Chairman

Approximately 380 persons visited the Home on Simcoe Area Day. Grape juice and old fashioned cookies were enjoyed while all the guests received a specially designed "thank-you" button.

The members donated crafts to be sold during WI Week, proceeds to be added to the Foundation Fund.

All the demonstrators and hostesses were in old-fashioned costume, with everyone having an opportunity to see through the Home and Drive House.

ASSESSMENT TO REMAIN

Because of the high cost of operation it was decided to leave the .10¢ assessment on the fee sheet for 1981.

Also to encourage all branches to make a further contribution to the Foundation Fund. With inflation and higher costs, it was agreed, if the Foundation Fund could be increased, the money available for operating costs also would increase.

KEEP THINGS GOING

The Committee needs more help. With that thought in mind the work load should shift, with a greater degree of participation by more members.

MAKE THINGS HAPPEN

The special days and activities were enthusiastically endorsed.

For starters, it was unanimously agreed that the Lee should become better known, not only by the WI members but also by the community.

A tape and slide presentation will be offered to all Area Conventions in 1980. Board Directors will be responsible for notifying areas.

Neighborhood Days will be incorporated into WI Week. The Community has been invited to come and visit the Lee the first week in June.

The Committee will strive to promote the Lee in travel and tourist brochures.
