DELTA WI, LEEDS NORTH DISTRICT celebrated their 70th birthday with a dinner at the Hotel Kenny overlooking the Rideau. Members and guests (above) enjoyed reminiscing and listening to history reviews over the past 70 years.

LANARK NORTH WI BRANCH EXCHANGE. Ramsay WI hosted the Beckwith WI and the Curators shared the program which proved most interesting.

Each Branch held their own business meeting but shared the roll call "A picture of farm machinery" or "An anecdote told by my Father."

The Beckwith Curator, Mabel Ringereide wrote a two act play. The first act played by Evelyn Kettles and Leita Andison depicted the settlement of Carleton Place by Edmond Morphy and his wife Catherine. They recalled their hardships and joys as they looked down from heaven.

The second act with Ramsay WI players, Elsie Steele and Helen Duncan showed how David and Alexander Snedden left their home in Beckwith and founded the village of (Rosebank) now Blakeney on the Mississippi River, north of Almonte.

The play was wrapped up by Joan Redpath reading the account of the Snedden Farm from the book "Inheritance" by John and Monica Ladell.
