

Meet your 1986 board directors

First year board directors are featured in top photo. From l. to rt., first row are Marian Dougall, Orpha Trapanier, Dorothy Petch, Doris Bell, Jean Tandberg and (back row) Helen Burns, Elizabeth Thomas, Isabelle Booker, Barb Patterson (JWIO) and Mabel Logan. Second year board directors (opposite) are front row (l. to rt.) Dorothy Harnden, Luella Lewis, Winnie Wilson, Betty Van Patter, and (back row) Evelyn Bothwell, Wyn Allary, Jeannie Butcher (JWIO), Eva Tuck and Thea Sinninghe. (Photos by Daryl Marriette/OMAF)

(continued from Page 4)

may be used at all levels of the WI at this time to honor and pay tribute to our deceased member.

RESOLUTION 7

Whereas, in Ontario, one woman in 11 has mastectomy surgery which requires a breast prosthesis for balance and appearance; and whereas, under the present Assistance Devices Program of the Ontario Ministry of Health, young women of 18 years and younger can receive up to 75 per cent of the cost of breast prosthesis after mastectomies; and whereas, a properly fitted prosthesis is not always affordable for women on limited incomes; therefore be it resolved that the FWIO request the Ontario Ministry of Health to extend financial assistance toward the purchase of the required prosthesis to all women having had mastectomies.

RESOLUTION 8

Whereas, directions for quantities and use of various commercial prod-

ucts are so important, and the misunderstanding of them can have serious consequences; and whereas printed directions for use of some products are so small it is necessary to use a magnifying glass to read them; therefore be it resolved that the FWIO request the Department of Consumer and Corporate Affairs to enact legislation requiring minimum standards for print size and legibility in or on packages.

RESOLUTION 9

Whereas the Ontario farm economy has experienced several years of depressed product prices resulting in a severely depressed farming economy, and the three Ontario political parties have, in their pre-election promises been seen as having similar solutions to the farm crisis; and whereas the FWIO have long been recognized as a women's organization supportive of a healthy farming economy; therefore be it resolved that the FWIO be asked to arrange a meeting between representatives of the FWIO and the three Provincial leaders to gain

assurance and develop a time frame for the positive action they have promised on behalf of farmers.

EMERGENCY RESOLUTIONS

Whereas the Ontario government has granted the teachers of Ontario the right to strike; and whereas the students of the Province of Ontario are being denied the right to continuing education because of past, current and possibly future strikes; therefore be it resolved that the FWIO urgently request the Ontario Minister of Education to implement a law change to deny teachers of Ontario the right to strike.

Whereas Ontario's Minister of Consumer and Commercial Relations plans to introduce legislation to implement the Liberal government's campaign promise to allow the sale of beer and wine in grocery and/or convenience stores; therefore be it resolved that the FWIO urge Ontario's Minister of Consumer and Commercial Relations that the sale of beer and wine be confined to existing outlets.
