Helen M. McKercher Scholarship (established in 1976) is awarded annually to a graduate in Home Economics from a Canadian university or college who is continuing studies at a higher level. Half of the award is granted at the beginning of the course and the remainder upon completion. In 1985, Barbara Joyce Dyszuk, Kitchener was selected winner of this award valued at \$1200.

FWIO International Scholarship (established in 1962) is used to train young women from under-developed countries so they may go back and teach their own people. The most recent recipient is Libbylu Allen of Jamaica who is accomplishing some excellent work in that country. Since her return she has set up a model basic school and is the senior tutor to pre-school teachers of 26 basic schools which are supported by the Jamaican Federation of Women. FWIO will continue to support Libbylu Allen with a year's salary of \$2000 and also provide \$1500 for an assistant teacher's salary.

FWIO 90th Anniversary Scholarship is just being established. These scholarships will be available to WI members who are planning to re-enter the education field to update or further their education. There will be four scholarships awarded annually — one for each region — beginning in 1987 on the occasion of the 90th anniversary of the Women's Institute.
