Russell Village WI The ladies of Russell Village WI (Eastern Area) were out in full force to dust off winter's doldrums and switch for spring life and rebirth. These ladies are smiling because, rain or shine, their team work to make Russell Village even more beautiful by planting flowers each spring in the Village core planters is not a chore but a task of joy. Of course, the planters were just stage one – next came the hanging baskets!

JOB WELL DONE!

West End WI

The Members of West End WI (Guelph Area) have been following the developments at Marden Park, located next to the FWIO Provincial Office. In addition to making a donation, West End WI recently planted a berry tree in the park's Enabling Garden for the community to enjoy.

Rockton WI

The 1st Rockton Girl Guides participated in the Pink Tulip Foundation's planting of tulip bulbs to promote the message that a healthy lifestyle can help reduce the risk of breast cancer. Rockton WI's garden at the entrance of the Village of Rockton (Hamilton Area) proved to be the ideal spot. Sure enough, when spring arrived, their efforts paid off in a beautiful and meaningful show of gorgeous pink blooms.

Middlemarch WI

Members of Middlemarch WI (London Area) recently had a sign erected to commemorate the history of the Middlemarch Corner. Opening remarks were made by the local MPP, the Warden, and the Mayor. WI Members and their families cleaned up garbage, levelled the land, planted grass, and will be planting shrubs under the sign. The major fundraising event was a Pork BBQ which is held annually at a WI Member's farm.
