Communications Corner

By Manon Germain, Communications & Resource Development Officer, FWIO

Salut to all WI Members and prospective Members!

We are excited here at the FWIO Provincial Office to be launching a 'new & refreshed' look for the Women's Institutes across Ontario. Look for FWIO's NEW WEBSITE, featuring a 'Locate a Branch' section, whereby you can search for WI Branches across Ontario and link to their individual websites. Check it out at www.fwio.on.ca.

It is a reality that in the 21st century, the World Wide Web is the 'real-time' news and communication café for existing Members and the general public to learn about WI activities and mission, both locally and internationally. Our hope is that our new website will provide you with the tools you need to increase Public Relations, Fundraising capacities and Membership recruitment at the Branch level! ENJOY!
