

Erland Lee Award Winner

Harold MacMillan has been involved with Women's Institute almost all his married life. His wife Ruth has been a member of the Green Lane Branch for over 42 years. Harold helped set up an accounting system for both the Green Lane Branch and the Prescott District. He has offered numerous suggestions for programs, roll calls and guest speakers. He has helped word resolutions and find supporting material. He also helped word the criteria for the Branch award given to a local high school student. For many years he has been an unfailing supporter at fair time, hauling supplies to and from the dining hall, as well as carving roasts. Without his constant support, patience and good humour, the Green Lane Branch would not get as much accomplished.

The South Macaulay Women's Institute celebrated its 100th anniversary with the dedication and unveiling of a large inscribed stone. The stone was unveiled by Bracebridge Mayor Scott Northmore, local historian Gary Denniss and Branch President Helen White. Northmore stated that the South Macaulay Branch has had a great impact on the community. "These women have worked long and hard over the last 100 years and I would like to say thank you on behalf of the council," he added.

The stone was placed on the lawn at the home of Laura and Stewart Ranft on Cedar Lane. The first meeting of the Branch was held in the house that previously stood on the property. The Ranft family was pleased to have this wonderful piece of history as part of their landscape.

Congratulations
