LONDON AREA

On June 26 the London Area Session was held at the Coldstream Community Hall; 58 enthusiastic WI members were in attendance. A special thank you to the London Area Executive, Glenna Ladell and South Lobo WI for their hospitality, assistance with arrangements and catering. It was a great day!

ROSE Health Sessions

I am currently developing an "archive and calendar" to profile ROSE Health Sessions conducted throughout the province. They will be featured on the FWIO website, in my future *Home & Country* reports (as space permits) and in a presentation binder at the Provincial Office. For more information about including information in both the archive and calendar, please contact me.

Did you know?

On July 17, 2000, the Ontario Breast Screening Program, one of FWIO's Health Partners, celebrated their 10th anniversary at their first screening site in London, Ontario. **Congratulations!**

For more information about this report or the ROSE Health Program, please contact me anytime at the Provincial Office.
