"On the Road Again"

The Carry-On Women's Institute is participating in Wellington County's "Adopt-a-Road" Program and will be looking after White's Road (10 km) between Harriston and Palmerston. Fifteen bags of garbage and recyclable items were picked up from the ditches during the first clean-up. Two additional clean-ups have taken place. The Carry-On WI felt that this was one way to contribute to the betterment of the community and the environment, and at the same time develop good public relations. Signs were erected at both entrances to White's Road. Money received from returnable cans and bottles was donated to Pennies for Friendship.

Submitted by Blanche Wanless, PRO, Carry-On WI, Wellington North District.

This year, members of the Harvie Settlement Women's Institute became involved in the Ministry of Transportation's "Adopt-a-Highway" Program. The group adopted a two-kilometer stretch of Highway 11 skirting Orillia. After viewing an instruction video about the Program, the Harvie WI signed up. Road cones, safety vests and garbage bags were supplied on three different days last spring, summer and fall. In return for all their hard work, the Ministry posted a

sign indicating that the Harvie Settlement had adopted this particular stretch of highway. Gail Hayes, PRO for the Branch, remarked: "It proved to be a very rewarding venture and we would encourage other WI Branches to get involved. Our thanks goes to Wilma Carter for giving us the idea."
