

ROSE on the Road...

This past fall, the ROSE Program was as busy as ever! Once again, we were invited to host the Women in Ag Expo at Canada's Outdoor Farm Show in Woodstock. More than 38,000 men, women and children gathered at one of Canada's premier farm shows and ROSE was there to provide interesting and educational programming geared toward women.

Thanksgiving weekend at Port Elgin's Pumpkinfest over 60,000 people enjoyed the sunshine and unusually warm weather. The WI ROSE Program was on hand delivering a variety of ROSE Programs geared toward women and how they can take care of themselves. Presentations featured pilates, nutrition, naturopathic medicine, chiropractic health, acupuncture and more!

Of course, neither of these events would have been possible without the support of dedicated and enthusiastic volunteers. The ROSE Program thanks the following people for supporting WI and sharing the good news of the ROSE Program!
