

Did you Know?

"PPE only works if you use it!" is the theme of this year's Canadian Agricultural Safety campaign with a focus on the use, fit and access of personal protective equipment (PPE) in agriculture. The yearlong campaign will be launched with Canadian Agricultural Safety Week (CASW), from March 11 to 17, 2009. The Canadian Federation of Agriculture (CFA) and Canadian Agricultural Safety Association (CASA) deliver CASW in partnership with Farm Credit Canada (FCC) and Agriculture and Agri-Food Canada (AAFC).

Plantagenet WI

Plantagenet WI (Prescott District) created a great partnership with the Alfred-Plantagenet Library that allowed the ladies to promote their Branch and the work of WI over the past 111 years. The display includes the achievements of WI, as well as names and phone numbers of their Branch Executive that are a great way for community members to contact you if they have questions or are interested in joining! Shown here L-R is Dolores Sauve, ROSE Coordinator, Dona Pytel, Treasurer, Linda Leger, District Director, Alam Presley, President and Mabel Robillard, Secretary.

Norfolk District WI Gets Creative

Pictured is instructor Mavis Cates, Lakeshore WI (standing), and Helen Young, Langton WI (left) with her friend, Jackie Wulleman (right). Mavis is teaching a group of 22 ladies how to make new greeting cards from recycled old cards. All ladies went home with three new original Christmas, Birthday and Get-well cards, after their day together at the Horticulture Experimental Station auditorium in Simcoe. This can be considered a ROSE Program, as visitors were present, and certainly goes well with the "Going Green" idea.
