

(5)

Other items of interest - deeds, diaries - letters & documents portraying old handwriting (marriage certificates, baptismal certificates)

Pictures - tell who people are in the picture.

Anything which you may submit to the Tweedsmuir Committee - tell by whom it is contributed - this is recorded in Tweedsmuir History.

Pictures or documents which one wishes to have returned - indicate so - we can have copies made and return originals.

This is a long slow process, it takes time and this job should not be left entirely to the Tweedsmuir Committee and Curator. The more we have working on this - the more we shall complete and the sooner it will be completed. It is a very contagious work - it's interesting - it's enlightening - it's intriguing - at times frustrating and a little discouraging but this is our community - our home - we are proud of it or we wouldn't be living here so let's show how enthusiastic we are about our heritage and fill this book from cover to cover.
