## Jamie Vollmer takes a bronze

(intended for last week)

It's another bronze medal for Madill's figure skating ace Jamie Vollmer.

Jamie Vollmer of Turnberry Township continues to burn up the ice with his fine skating and two weeks ago was no exception.

Jamie attended what is known in the skating world as "Sectionals." These were held in Pickering with 13 young skaters from across Ontario competing.

Despite the fact Jamie was 13th to perform, which is the least favorable position to find oneself in, in competition, Jamie pulled off a bronze win, a combined win for both figures and free dance in the pre-novice division.

**MARTIN** - Rick and Patty welcome with love the birth of their daughter, Hayley Patricia, born at Wingham and District Hospital on Thursday, April 17, 1997, weighing 7 lb. 1 oz. A little sister for Caitlin and Chad. Spoiling privileges go to grandparents Joe and Helen Martin and Joe and Leona Schiestel of Teeswater.

## Many area homes looking festive

A belated congratulations is extended to Jamie Vollmer who came home with a bronze medal in the pre-novice division following competition at the sectionals held in Pickering a few weeks ago.

## Sandra Busby work experience at S.H. school in Wingham

Education is one of the most important fields in today's society. But have you ever thought of what goes on "behind the scenes?"

Hi! My name is Sandra Busby and I'm a Grade 12 student at F. E. Madill Secondary School in Wingham. I am taking Co-op this year and my placement for the 1993-1994 school year is in the office at the Sacred Heart School, also in Wingham.

Teachers are the most recognized people at schools but the office staff do just as much work. There are many important forms and letters to be completed and sent out in order for your child to go to school. My supervisor is Annette Cerson who is the office secretary. She helps me every day that I'm at the school and without someone like Annette, the school's important paperwork wouldn't get done.

The duties that I performed so far have involved dealing with old

and new Ontario Student Records, attendance forms and registrations. I am also dealing with the students and/or teachers who come into the office with problems.

I feel that the Co-op program is a wonderful way to get "hands on" experience and helps in making the decision regarding a future career. For me, working at Sacred Heart has given me the opportunity

to experience a bit of what it is like to be in the workforce. I recommend that anyone interested should jump at the chance to take Co-op.

DEC/1993 By Sandra Busby.

Saturday, August 29th, the wedding of Treena Jeffray and Stephen Aitchison took place in Kincardine. It rained very briefly after the signing of the register, but was followed by a beautiful rainbow. Sarah and Elizabeth Jeffray from Alberta, came home with grandpa, Arnold Jeffray, to attend the wedding.

Congratulations to Treena and Stephen from the Belmore community.
