Farm", also showing a film "Making the most out of a miracle" at the August meeting of 1956 when the husbands of members along with Mount Hope members and their husbands were entertained.

A display of antiques by Mrs. Stewart Esplen giving their history and former use was enjoyed. Dr. Morton spoke on museum work. Miss Shirley Bullock, Home Economist, spoke on her work and the training received at College.

To mention all papers, speakers and demonstrators during this period would take too long. A few have been mentioned not necessarily the most important. Dr. Fraser spoke on Venereal Diseases, Mrs. Fraser on her nursing work in Malta during World War I, several nurses on First Aid, Child Welfare, etc. Films shown by several were most enjoyable; Rev. C. E. Fisher, Rev. David Ian, Rev. K. McMillan, and the late Rev. Wm. Quigley spoke on different subjects; Mrs. Brown and Mr. James, members of the Crusade for Christ, took part in our 1956 Christmas meeting.

Several of our own members have spoken on trips made showing cards and momentos picked up along the way. Our young people have furnished music many times. For several years Girls Club Work was sponsored and convened by capable members. Not always were there enough girls available to have a club.
