

Chalkboard is black porcelain on steel and tackboard is natural cork.

Each classroom contains Teacher's storage closet, intercom unit and clock.

Two of the classrooms are slightly larger and have additional cupboard space, and are used for Science Room and Art Room. Classroom 6, 7 and 5, 8 are divided by a movable wall covered on both sides with tackboard. By moving the wall into open position a larger classroom is formed which is used for Team Teaching.

LIBRARY-STAFF ROOM

28' 0" Long and 22' 0" Wide and adjoining the Storage and Workroom.

The floor of the Library-Staff Room in contrast with the Classrooms is carpeted in order to assist the acoustics.

There is storage space for approximately 2,000 books.

The adjacent Workroom has storage cupboards with a built-in sink and additional book shelving for books to be repaired or catalogued.

The School Board plans to hold its meetings in the Library.

In the near future, a larger Library is planned on the North end of the School and because of that all Library shelving is movable.

GENERAL PURPOSE ROOM (Gymtorium)

57' 3" Long and 43' 0" Wide with a 13' 6" Deep stage at end of room.

Stacking chair and equipment storage carts are located below the stage floor.

One wall is equipped with chalk and tackboard to make it possible to use the Room as a teaching area.

The entire room is protected with a 7' high dado of vinyl plastic wall coating and is equipped with basketball backstops, game marking lines in floor and attachments for volleyball nets.

This room is equipped with a separate public address system.

Draperies are provided including blackout type for windows and stage opening and backdrop curtains.

The Kitchen-Servery is adjoining the General Purpose Room with provision for serving directly into this room.

PRINCIPAL'S OFFICE

Located adjacent to the Main Entrance and is provided with storage space, book shelving and work counter.

P.A. Control console and automatic programme bell system are located in this room.

Adjacent area is provided for Secretary with space for work area, filing cabinets and reception.

BOYS' AND GIRLS' WASHROOMS AND DRESSING ROOMS

Located between the Corridor and the Play Room with access to both.

Feature in both washrooms is natural illumination by means of a plastic skydome.

Plastic vinyl wall coating and terrazzo floors assures minimum maintenance and cleanliness.
