

Horton Township launched its recycling program Saturday morning. Present for a twine-cutting ceremony were (l-r) Councillor Judy Campbell, Reeve Milt Stevenson, Daniel Menard of Beaumen Industries, Councillor

Bob Kingsbury, Jim Graham, Mackie McLaren and son Brian, Mae Craig, Michael Lafont, Tim Chapeski and Deputy Reeve John Doering.

Horton welcomes recycling

Recycling got a Horton Township welcome Saturday with a unique twine-cutting ceremony at the municipal waste disposal site.

Elected officials, staff, volunteers and Beaumen Industries representatives gathered to watch a string of recyclable material be snapped

to signal the start of recycling.

Horton environment committee chairman Councillor Bob Kingsbury thanked everyone who helped to establish the new and popular program.

"I hope the people of the township will use this program," Kingsbury said. "It's a costly venture."

It was a sentiment shared by other township officials.

Over four days last week, 300 of the 1,000 blue boxes ordered by the township were picked up by environmentally aware residents.
